What is LPPE?

Lake Park Partners in Education is a group of dedicated people committed to making the years at Lake Park High School healthy and successful for students.

LPPE's major focus has been to promote and help facilitate on-going, two-way communication between home and school. This remains our most important goal since this connection is so vital when teens can be so uncommunicative with their parents.

For parents

LPPE seeks to help ease the transition from the grade school system to the high school system. As the student progresses to each new and unfamiliar stage, LPPE works to ease the fears by providing as much verbal and written information as possible. LPPE meetings and programs include the opportunity to speak with Lake Park staff and to communicate with other parents.

Children learn from adults who care about them. Giving your time and ability not only helps our school, it also enhances the learning of our students.

Please consider volunteering to help LPPE carry out its mission.

For students

- Scholarships awarded yearly. (Parents must be LPPE member.)
- Funds individual and group events.
