Course Highlights

Authentic experience

Ample learning opportunities

Class instruction, textbook with examples, supplemental materials, and an intensive review session the week before the scheduled test

Guided practice

Problem solving concepts and test taking strategies in reading, English, math and science taught by Lake Park faculty

Timing

Course ends prior to the PSAT testing dates in April

Testimonials

"The Lake Park ACT program helped me tremendously. It taught me how to pace myself, and also taught me numerous tips that helped me do well on the test. After finishing the program, I improved four points which made a huge difference in the type of colleges I could apply to and have a reasonable chance of being accepted."
Maddie Collins - Spring 2011

I am thankful for the opportunity to enroll both of my daughters in the Lake Park ACT program. One took the class this past year while the other took the class 4 years ago. Both increased their scores significantly allowing them the opportunity to apply to more selective schools. In addition, the skills learned in the program have helped each of them with their test taking abilities in the classroom.
Rose Collins

ACT PREPARATION

Today's student is finding the college admission and scholarship process highly competitive. One of the most important factors in his or her career could be acceptance into the university of his or her choice. Colleges primarily use the scores from the American College Testing Program (ACT) to select applicants and award scholarships. Each of your students must take the ACT in April as part of an Illinois graduation requirement. This test, the ACT, is the first of two tests that make up the PSAE taken April 24th and 25th.

The Lake Park ACT preparatory course for high school students is designed to develop the skills to improve ACT scores. In addition to English, science, reading and mathematics preparation, the course emphasizes test-taking strategies and techniques as well as using retired tests to continually measure progress and mastery of skills. Students will gain exposure to ACT testing situations, practice and remediation, and explanations on ACT style correct questions and types of answers meant to fool or detract from the correct response.

This year we have 2 different times offered to better meet our students' needs. The first choice is a **9 session** course offered on **Saturday** mornings. The other choice is a **16 session** course offered on **Tuesdays and Thursdays after school**. These programs are designed the same way, just providing 2 different time periods to better meet students' needs. Once one choice is picked, that choice will remain throughout the course; you can attend a make-up or switch only 1 time per year. The registration cost before December 16th is \$190 and after December 16th is \$210. Registration will be accepted until the maximum number is reached.

Choice 1 – Saturday Mornings

- Saturday, January 28**
8:00 a.m. - 11:30 a.m. - First Class
- Saturday, February 4**
8:00 a.m. - 11:30 a.m. - Second Class
- Saturday, February 11**
8:00 a.m. - 11:30 a.m. - Third Class
- Saturday February 18**
8:00 a.m. - 11:30 a.m. - Fourth Class
- Saturday, February 25**
8:00 a.m. - 12:00 p.m. – Midterm ACT
