GRADING SYSTEM

Required courses must be passed in order to earn credit. Failing grades for any course are recorded on the transcript with no credit given. Failing grades are calculated into a student's grade point average, unless the student earns a replacement grade. The lowest passing grade is a D. Only As, Bs, and Cs in Honors and Advanced Placement classes are weighted.

When Lake Park students take out-of-district courses for enrichment or advancement, the grade appears on the transcript, but the grade is not calculated into the GPA. Credit recovery courses are graded pass/fail and are not calculated into the GPA.

Lake Park High School does not report class rank of any kind.
