

LAKE PARK

HIGH SCHOOL EDUCATIONAL FOUNDATION

ANNUAL REPORT 2018-2019

Another Successful Year!

2018-19 was another very productive year for the Lake Park High School Educational Foundation. Dedicated to the mission of providing resources to enhance student learning in preparation for success in a changing world, the Foundation continues to provide programs, activities, and services for students and staff members, host a variety of fund-raising programs, and collaborate with various groups to help it achieve its mission.

MAKE A DONATION

Celebrating 30 Years of Service to Students, Teachers, and the Lake Park Community

2019 marks the 30th anniversary of the Lake Park High School Educational Foundation. This anniversary is perhaps an opportune time to reflect on the Foundation's growth and development over the years and its plans for the future as it continues to pursue its mission of making a difference for those who call and have called Lake Park "home."

An Idea Becomes Reality – 1989 - 2004

The Lake Park Educational Foundation was founded on September 6, 1989, under the leadership of retired assistant superintendent Gene Swierczewski and a group of 10 community and educational leaders. During its first fifteen years, the Foundation engaged in a variety of projects focusing on the school's newly emerging technology needs. A **satellite dish** was purchased and installed to provide access to university satellite network programs for classroom use and software network programs were purchased to enhance student study skills. The Foundation also began to **recognize students** who excelled in the classroom in its annual 5.0 banquet as well as alumni who were able to achieve distinction in their chosen career fields and society in its annual Distinguished Alumni Recognition Program. By hosting a golf tournament at Medinah Country Club, the Foundation was able to raise funds to support its efforts to promote student development and aid teachers' classroom efforts.

Foundation and school board members with the Satellite Dish

5.0 GPA students honored by the Foundation at a banquet in 2004

Since its inception, the Foundation, as an independent organization, has been committed to working closely with the high school to assess needs and develop projects and programs that benefit the teachers and students of Lake Park, and this effort expanded during the next phase of the Foundation's growth.

The following pages provide additional information about what the Foundation is doing to make a difference at Lake Park, so please read on.

New Foundation Board Members

The Foundation will welcome several new members to its Board beginning with the 2019-20 school year. Cara Steetz will be replacing Claire Adachi as the Board of Education representative. Brooke Bonta and Gabrielle Mintrup, Class of 2021, will be joining the Foundation Board as student representatives.

The Foundation Grows in Scope and Focus - 2005-2019

Building on its early success, the Foundation expanded its efforts by initiating the new programs and community-based activities listed below.

Helping Classroom Teachers—Funds for Excellence Grants

Through the Funds for Excellence Grant Program that was initiated during the 2005-06 school year, the Foundation has awarded 88 grants totaling over \$147,000 to support teachers' efforts in obtaining materials, equipment, and classroom resources to implement innovative ideas and instructional approaches that are beyond the means of the regular school district budget.

Science students using temperature probes

State-of-the-art microphones to record student performances

ABOUT FUNDS FOR EXCELLENCE GRANTS

Growing the Scholarship Program

To help students pursue their educational dreams after graduation from Lake Park, the Foundation has awarded 263 scholarships totaling \$228,100 since the 2005-06 school year. The benefit of the Foundation's scholarship award program is best expressed by the testimonials of 2018-19 students found later in this report. Scholarships awarded are based on everything from financial need to academic performance, majors students are seeking to pursue, leadership, and service to the school and community.

Recognizing Excellence - Spirit of Excellence Program

In the 2008-09 school year, the Foundation initiated the Spirit of Excellence Program to recognize students, faculty, and staff members for their excellence, leadership, and achievement. This community event also honors alumni who have gone on to achieve distinction in their careers. The senior students recognized at this annual program for demonstrating the Characteristics of the Ideal Lake Park Graduate were nominated for consideration by teachers, counselors, and parents. The alumni selected for recognition spend the day with students at each campus reflecting

2019 Distinguished Alums Rena Szabo ('87), Angela Rose ('96), and Rexanne Struve ('68)

2019 Spirit of Excellence Students along with the Lake Park teachers they identified as being a significant influence

Commencement Box Suites

Each year the Lake Park Educational Foundation offers box suites to parents at graduation. This year, proceeds from the sale of box suites netted a profit of \$4,624. Families purchasing a box suite are given preferred parking and take in graduation ceremonies in a reserved setting with family members while enjoying refreshments provided by the Foundation.

FOUNDATION PROGRAMS

Collaboration - Night of Fine Dining and Theatre

**Projects
\$25,500**

In the 2004-05 school year, the Foundation began working with the school's Family and Consumer Science and Fine Arts departments to create a Night of Fine Dining and Theatre program. At the program, the East Campus cafeteria is transformed into a magical place where parents and community members can sample from an elegant menu of taste delights prepared by Lake Park's culinary arts students before attending a student drama production. In 2013, a silent auction for event participants was added to the program. Proceeds from the silent auction, which has raised over \$25,500, are used to support various Foundation projects.

**NIGHT OF FINE
DINING & THEATRE**

Community members at the Night of Fine Dining prior to attending the night's play, *Almost Maine*

Emcee Justin Roman, radio personality and distinguished alum, with student volunteers at the Night of Fine Dining

Assisting Those in Need - Emergency Need and Support Fund

**Support
\$21,500**

In the 2010-11 school year, the emerging need to provide additional support for school-related expenses for students in financial need led the Foundation to create an Emergency Need and Support Fund. In addition to providing free breakfast and lunch coupons for students whose families are facing financial challenges but do not qualify for the federal free/reduced lunch program, the fund assists students in need with field trip, SAT prep class, and Advanced Placement exam costs. Since its inception, the Foundation has dedicated over \$21,500 in support of this program.

EMERGENCY NEED AND SUPPORT FUND

The following feedback from students exemplifies the program's impact:

"Thank you so much for the AP exam scholarships! Due to my family's financial situation, I wouldn't have been able to take these exams without your help. Thank you Lake Park Educational Foundation!"

"Thank you for the opportunity the Foundation gave me to take the SAT prep class. I know it will help me in the future and it definitely helped me improve my SAT score. The strategies I learned were especially great. I know my scores went up because I put in the work and used the knowledge I gained from this class. My college opportunities have definitely improved!"

"Thank you for supporting me and my family by providing a scholarship for my AP exams. It has helped me greatly by giving me opportunities that I wouldn't have had otherwise. I think these scholarships will continue to help students in the future reach new levels of success. Due to the Foundation's generosity, I know that my future education in college will be easier financially."

"I would like to say thank you to the Foundation for my SAT prep class scholarship. I learned many things, including tips and test strategies that were very helpful. I especially found the reading strategies to be helpful. I can now read the test's passages much more quickly and know exactly what to look for. My score improved by 80 points from the practice test!"

Reaching Out to the Community

To celebrate it's 25th anniversary in 2014, the Foundation expanded its community outreach efforts through various projects and activities. Most prominent of these efforts was the building of a Memorial Garden at the West Campus to provide students, families, and friends of Lake Park with a peaceful setting for solace and remembrance and enhancing a similar garden at the East Campus.

West Campus Memorial Garden

The Foundation also began hosting building tours for alumni celebrating reunions as well as working with the school to host an Alumni End Zone area at several football games to provide an area where alumni from various graduation classes could congregate and reconnect.

Class of 1969 Reunion Tour

Class of 1998 Reunion Tour

Foundation members also began volunteering at the Northern Illinois Food Bank providing 36,790 meals for needy northern Illinois families in the last 4 years, partnering with the school on its annual Make a Difference Day, assisting at PGA tournaments held at Medinah Country Club, and working with the Roselle Historical Foundation on its Flags for Roselle program.

Increasing Support Through Business Sponsorships

In 2013-14 the Foundation began seeking the support of business partners through an annual sponsorship program. Additionally, several businesses provided support for the Foundation's annual golf outing by being hole, dinner, or breakfast sponsors. This support, in excess of \$127,000 since 2013, has been critical in helping the Foundation provide quality programs, expand its support efforts, and begin new initiatives to better serve the students, teachers, and staff members at Lake Park High School.

Guiding The Expanding Role of the Foundation

Finally, to better meet the expanding responsibilities of guiding the Foundation on a daily basis, the position of executive director was created in 2015. Rebecca Wyatt, a Lake Park alum with both Foundation and non-profit experience, replaced Jennifer Jungel as the Foundation's executive director. The executive director position has been instrumental in helping the Foundation develop its programs and better meet emerging needs to ensure that the Foundation remains a dynamic organization.

The Future - 2019 and Beyond

Setting a Course for the Future

The Foundation looks forward to not only continue but expand on the progress it has made over the last several years. To help guide its efforts, the Foundation recently worked with SCORE, a group providing no-cost strategic planning services for non-profit organizations, and last year worked with Elmhurst College marketing students to develop a marketing plan for the Foundation. By implementing the strategic and marketing plans, the Foundation seeks to expand its profile within the Lake Park community, increase financial support for its activities and programs, and expand services to meet the evolving needs of Lake Park students, staff, and the school district.

Expanding Partnerships

One of the Foundation's most exciting goals for the future is to actively pursue partnerships, such as those established with the Lake Park Robotics Club and the school's Transition Assistance Program, to provide a stable source of funding for teacher/department needs. As

TAP Students Volunteering at an Autism Walk

part and parcel of this effort, the Foundation is looking to establish a new partnership in 2019-20 with the school's Business Department to provide seed funding for a business incubator program that will provide students with an opportunity to create and fully develop their own product or service under the guidance of practicing entrepreneurs and business experts. The Foundation will also provide support for a Robotics Club tournament at Lake Park High School in November 2020.

Students at VEX Robotics Competition

Reaching Out to Alumni

Another focus area for the Foundation is improving alumni relations. Using donations from alumni and various class reunion committees, the Foundation has established a fund to provide annual scholarships to students in the name of Lake Park alumni. Beyond this, the various efforts described above, and coordinating the publication of four Alumni Directories over the past 20 years, the Foundation would like to take advantage of the expertise of the school's alumni by bringing them back to school to meet with students and to serve as a resource to enhance teachers' classroom efforts and student career planning.

30 Years and Growing

Clearly, the Foundation has made great strides in its first 30 years, but it is only a beginning. By being fiscally responsible and dedicated to its mission, the Foundation is committed to doing bigger and better things in the future as it seeks to have an even greater impact on those who call Lake Park home.

The Foundation's Impact

The following testimonials are a snapshot of how the Foundation has had a positive effect on the students and teachers of Lake Park High School.

Brooke Bonta currently is one of the student representatives on the Foundation Board. In 2018 she and several other Lake Park students attended the Rotary Youth Leadership Awards (RYLA) program. The Foundation provides financial support to help students attend RYLA.

Q. Why did you want to become involved with the Foundation as a student representative?

A. I wanted to become involved with the Foundation as a student representative after I learned about all the wonderful causes the Foundation supports. I appreciate all the work the Foundation does and wanted to be part of it to provide a student perspective. Being on the Board continues to help grow my leadership skills and introduces me to the processes and collaboration needed to help organizations succeed.

Q. How was attending the RYLA workshop a meaningful experience?

A. Attending the RYLA workshop was one of the best parts of my high school experience. I met many students from different schools and I even met two exchange students from Spain and Taiwan. The guest speakers were very powerful and all of them taught me valuable life lessons. RYLA was simply an amazing experience.

Q. How did attending the RYLA workshop affect your experience as a student leader?

A. The RYLA workshop taught me a great deal about my personality and individual leadership style. We learned how to best lead a group based on personality and worked on skills such as communication. Additionally, we did many team building activities to develop collaboration skills. The leaders taught me a great deal about the power of positivity and determination to succeed. Overall, RYLA grew my skills as a student leader in an interactive way.

2019 RYLA Participants

Tom Kaberna is a mathematics teacher and consistent contributor to the Foundation.

Q. How has the Foundation made a difference for the Math Department?

A. The Foundation has given the math teachers technological advancements to better serve the changing needs of our students. From IPODs for some teachers to flip their classrooms and TV monitors to help show students how to best utilize their graphing calculators, the Foundation has made a direct impact on the success of students in math classes.

Q. Why have you supported the Foundation over the years?

A. I personally have chosen to support the Foundation because I believe in what it stands for. How can you say no to an organization that wants to help the District, students, and community in so many different ways?

Kathy Lovelace-Birk is a science teacher and a consistent contributor to the Foundation. She also provides financial support for the annual Donald C. Lovelace Memorial Scholarship.

Q. In what ways does the Foundation play an important role for the students and teachers of Lake Park High School?

A. The Foundation plays the role of providing an amazing support system for Lake Park's population. It provides students with scholarships as well as aiding students in need with assistance to help pay AP exam and SAT test preparation costs. The Foundation is generous toward teachers as well by providing funding for creative projects that benefit both students and the school.

Q. How has the Foundation made a difference for the Science Department?

A. The Lake Park Educational Foundation has helped the Science Department through purchasing supplies to aid students' laboratory experiences. Two current acquisitions are an LED plant light system for the AP Environmental and AP Biology programs as well as gas pressure sensors and temperature probes for the school's chemistry programs. Simply stated, the word "Foundation" is synonymous with the word "support." How apropos.

Matthew Sullivan is a technology and engineering teacher and the school's Robotics Club sponsor. He is also a consistent contributor to the Foundation.

Q. What were you able to do in robotics because of the support of the Foundation?

A. The Lake Park High School Vex Robotics Club has been profoundly impacted by the Foundation. We have been able to grow the club throughout the past few years from one team with six students to six teams with over forty students. We are now able to teach robotics at a much higher level and build robots with lighter pieces, higher powered motors, and faster micro-controllers.

With the Foundation's support, we now have a VEX robotics practice field. The Foundation has also helped us grow our sponsorship with local companies within the community. Last year, three of our teams qualified for state and one team qualified for nationals. Through the support of the Foundation, we have been able to grow our program to one of the best in the state and plan to host a regional competition at Lake Park that is being supported by the Foundation.

Q. Why is it important to support the Foundation?

A. By supporting the Foundation, donors help provide a means to grow programs at Lake Park, such as VEX robotics, that expand student experiences. Supporting the Foundation also provides the financial resources to support new and innovative programs and initiatives that provide Lake Park teachers and students with new and unique experiences.

TESTIMONIALS FROM SCHOLARSHIP RECIPIENTS

The benefits of the Foundation's scholarship program may best be expressed by four recent scholarship recipients.

"I was very honored and thrilled to learn that I was a recipient of the Daniel Hildebrandt Scholarship. I want to express my deepest gratitude for your generous financial support. This scholarship will allow me to attend my dream school. I will be forever thankful for your scholarship and not only pushing me one step closer to my academic ambitions but also my ultimate objective of helping children in my community."

"When I received the Bonavolonta Scholarship, I was intensely grateful. By awarding me this scholarship, my life has been touched in more ways than you know. First of all, your open mind to contribute to the arts is tremendous. For this, I thank you! Secondly, your faith in me goes beyond words. I will always remember what you did for me."

"I am sincerely honored to have been selected as a recipient of the EXCEL Scholarship. I greatly appreciate the Foundation's dedication to and support of the students of Lake Park and myself. The five-year speech pathology program I am enrolled in will help me pursue a career in service and I am thankful that due to your generosity this plan is closer to being fulfilled. Without the Foundation's willingness to support the youth in their goals, many students, such as myself, would have a much harder time pursuing their dreams."

"I want to express my heartfelt appreciation for the Foundation's kindness in sponsoring the EXCEL Scholarship. I am planning to major in neuroscience and would like to pursue a career in medicine upon graduating. This scholarship will help me focus on my studies as I work towards realizing my goals."

OTHER WAYS TO HELP THE FOUNDATION

The Lake Park High School Educational Foundation relies on donations to fund the programs described in this report, like the Emergency Need and Support Fund, Funds for Excellence Grants, and the Foundation's scholarships. The generosity of its donors helps the Foundation support the quality of excellence at Lake Park that sets it apart from other schools and provides its students with a foundation for success in whatever endeavor they pursue. The Lake Park Educational Foundation is an independent 501 (c)(3) non-profit organization. Donations are tax-deductible and will be acknowledged with a letter for tax purposes. If you have any questions or wish to discuss a contribution, sponsorship, or planned gift, please contact Executive Director Rebecca Wyatt at (630) 295-5264 or at rw Wyatt@lphs.org. Your gift of any amount helps the Foundation achieve its mission of making a difference for all Lake Park students, faculty, and staff members!

**CLICK HERE TO MAKE A
DONATION TO THE
FOUNDATION**

Make a Contribution on our secure website at www.lphs.org/foundation or send a check to the Lake Park Educational Foundation, Lake Park High School, 590 South Medinah Road, Roselle, Illinois 60172. You may specify the program to which you wish to donate. Also, please let us know if your company provides a matching gift for your donation.

**CLICK HERE TO VIEW
THE ANNUAL
SPONSORSHIP PACKET**

Become an Annual Sponsor and enable your company to support our students' education while receiving significant recognition and visibility. Companies may donate at various sponsorship levels. Contact Rebecca Wyatt at rw Wyatt@lphs.org or at (630) 295-5264 for details.

**CLICK HERE FOR
EVENT INFORMATION**

Participate in Foundation Events such as the Night of Fine Dining and Theatre, The Spirit of Excellence Awards Program, and the Annual Golf Fundraiser.

Planned Giving: Help ensure excellence at Lake Park High School for future students by naming the Lake Park High School Educational Foundation as a beneficiary in your will or estate plan. Your estate planning attorney will be able to assist your efforts in doing this. By notifying us of your desire to do this, we will be able to recognize you for your future gift and keep you informed about our activities.

**VOLUNTEER
INFORMATION**

Volunteering: The Lake Park High School Educational Foundation welcomes volunteers to plan or assist with one or more of its various programs. Volunteers are always welcome and it is a good way to determine if working with the Foundation is something you would like to do on a more regular basis.
