### INDEPENDENT AUDITOR'S REPORT

To the Board of Education Lake Park High School District No. 108 Roselle, Illinois

### **Report on the Financial Statements**

### **Opinions**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of

### Lake Park High School District No. 108

as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2022, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lake Park High School District No. 108 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Change in Accounting Principle

As described in Note 18 to the financial statements, the District implemented GASB Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year after the date that the financial statements are issued.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether
  due to fraud or error, and design and perform audit procedures responsive to those risks.
   Such procedures include examining, on a test basis, evidence regarding the amounts and
  disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of Lake Park High School District No. 108's internal control.
  Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lake Park High School District No. 108's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information as listed in the table of contents and the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information, except for the average daily attendance figure included in the computation of operating expense per pupil and per capita tuition charges, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2022 on our consideration of Lake Park High School District No. 108's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lake Park High School District No. 108's internal control over financial reporting and compliance.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education Lake Park High School District No. 108 Roselle, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of

Lake Park High School District No. 108

as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Lake Park High School District No. 108's basic financial statements, and have issued our report thereon dated December 9, 2022.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Lake Park High School District No. 108's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lake Park High School District No. 108's internal control. Accordingly, we do not express an opinion on the effectiveness of Lake Park High School District No. 108's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Lake Park High School District No. 108's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2022-001.

### Lake Park High School District No. 108's Response to Findings

Lake Park High School District No. 108's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Lake Park High School District No. 108's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2022

The Management's Discussion and Analysis of Lake Park High School District No. 108's (District) financial performance provides an overall review of the District's financial activities for the year ended June 30, 2022. The management of the District encourages readers to consider the information presented herein in conjunction with the basic financial statements to enhance their understanding of the District's financial performance.

### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the District exceed its liabilities and deferred inflows of resources at June 30, 2022 by \$73,580,200 (net position).
- The District's total net position increased by \$11,510,445.
- At June 30, 2022, the District reported combined ending fund balances of \$37,868,041, an increase of \$7,264,164 in comparison with the prior year.
- At June 30, 2022, the unassigned fund balance for the General Fund was \$19,170,333, or 35% of total General Fund expenditures.
- The District's total long-term debt increased by \$439,357 during the year ended June 30, 2022 due
  to issuance of new general obligation bonds, offset by current year payments made on existing
  long-term debt within the current year.

### **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The basic financial statements comprise three components:

- Government-wide financial statements,
- Fund financial statements, and
- Notes to the financial statements

This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements** - The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets and deferred outflows of resources, less its liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., intergovernmental receivables).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). Governmental activities include instruction, support services, operations and maintenance, student transportation, food services, and certain other activities and expenses such as payments to other districts and governmental units, interest and fees, and unallocated depreciation.

**Fund financial statements** - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains seven individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General, Operations and Maintenance, Debt Services, Transportation, Illinois Municipal Retirement/Social Security, Capital Projects, and Fire Prevention and Safety Funds, all of which the District considers to be major funds.

The District adopts an annual budget for each of the funds listed above. A budgetary comparison statement, which is required supplementary information, has been provided for the General Fund and each major special revenue fund to demonstrate compliance with this budget.

Fiduciary Funds - Fiduciary funds are used to account for assets held for others, such as scholarship funds. Fiduciary funds are not reflected in the government-wide financial statements because the assets of these funds are not available to support the District's operations.

**Notes to the Financial Statements** - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other Information** - In addition to the basic financial statements, accompanying notes, and required supplementary information, this report also presents certain supplementary information concerning the District's progress in meeting its obligation to provide fully adequate educational services and extracurricular activities to all of its resident's students.

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$73,580,200 at June 30, 2022.

The following table presents a summary of the District's net position for the years ended June 30, 2022 and **2021**:

Lake Park High School District No. 108's Net Position

|                                   | Governmen         | tal A | ctivities    |
|-----------------------------------|-------------------|-------|--------------|
|                                   | 6/30/2022         |       | 6/30/2021    |

| Current and Other Assets          | \$<br>94,260,628  | \$    | 88,117,335   |
| Net Pension Asset - IMRF          | 4,518,269         |       | 414,718      |
| Capital Assets                    | <br>85,937,333    |       | 82,663,244   |
| Total Assets                      | \$<br>184,716,230 | \$    | 171,195,297  |
| Deferred Outflows of Resources    | \$<br>1,964,592   | \$    | 2,706,342    |
| Liabilities                       |                   |       |              |
| Net Pension Liability - TRS       | \$<br>2,004,692   | \$    | 2,301,757    |
| Net OPEB Liability - THIS         | 19,585,829        |       | 23,777,959   |
| Total OPEB Liability - IMRF/TRS   | 6,693,528         |       | 8,101,737    |
| Long-Term Liabilities Outstanding | 12,113,676        |       | 10,742,933   |
| Other Liabilities                 | <br>8,015,480     |       | 5,611,833    |
| Total Liabilities                 | \$<br>48,413,205  | \$    | 50,536,219   |
| Deferred Inflows of Resources     | \$<br>64,687,417  | \$    | 61,295,665   |
| Net Position                      |                   |       |              |
| Net Investment in Capital Assets  | \$<br>74,356,789  | \$    | 72,958,391   |
| Restricted                        | 8,165,319         |       | 5,057,227    |
| Unrestricted                      | (8,941,908)       |       | (15,945,863) |
| Total Net Position                | \$<br>73,580,200  | \$    | 62,069,755   |

By far the largest portion of the District's net position (101%) reflects its investment in capital assets (e.g., land, buildings, equipment, etc.); less any related debt used to acquire those assets that is still outstanding. The District uses these assets to provide educational services and extracurricular activities for the students of the local community; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following table presents a summary of changes in net position for the years ended June 30, 2022 and **2021**:

Lake Park High School District No. 108's Change in Net Position

|  | Governmen        | tal A | ctivities  |

The District's total revenues decreased by \$6,524,437 (8%) compared to the prior year. The most significant factors of this decrease were related to a decrease in State Retirement Contributions, which are reported within operating grants and contributions.

Overall expenses decreased \$6,926,916 (10%) compared to the prior year. This decrease is primarily attributable to a decrease in state retirement contributions.

### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

As of June 30, 2022, the District funds reported combined ending fund balances of \$37,868,041, an increase of \$7,264,164 in comparison with the prior year.

The General Fund is the chief operating fund of the District. At June 30, 2022, total fund balance was \$20,325,627. As a measure of the General Fund's liquidity, it may be useful to compare total fund balance to total fund expenditures. Total fund balance represents 37% of total General Fund expenditures. The General Fund's fund balance decreased by \$105,641 in comparison with the prior year. This was due to a decrease in federal aid, offset by an increase in state aid and property tax revenue. There was also an increase in other instructional program expenditures, offset by a decrease in food services expenditures.

The Operations and Maintenance Fund's fund balance increased by \$222,264 in comparison with the prior year. This was mainly due to reduced capital outlay expenditures.

The Debt Services Fund's fund balance decreased by \$161,889 in comparison with the prior year. This was due to revenues being lower than expenditures, however the deficit was partially offset by a transfer from the Education Fund.

The Transportation Fund's fund balance decreased by \$647,159 in comparison with the prior year. This was due to increased expenditures for bus services, as well as transferring \$500,000 to the Capital Projects Fund.

The Illinois Municipal Retirement/Social Security Fund's fund balance increased by \$159,749 in comparison with the prior year. This was due to revenues exceeding expenditures.

The Capital Projects Fund's fund balance increased by \$2,162,718 in comparison with the prior year. This increase is due to interfund transfers into the Capital Projects Fund.

The Fire Prevention and Safety Fund's fund balance increased \$5,634,122 in comparison with the prior year. This increase is due to this fund not being used in the prior year.

### **GENERAL FUND BUDGETARY HIGHLIGHTS**

The District amended the budget during the year ended June 30, 2022. Significant differences between the original and financial final budget were as follows:

Other Local Sources – Revenues were increased by \$65,600

Significant differences between the amended budget and actual revenues and expenditures are summarized as follows:

Actual revenues were less than budgeted revenues by \$7,287,822. The difference is largely due to lower than anticipated state retirement contributions.

Budgeted expenditures exceeded actual expenditures by \$9,076,478. The difference is largely due to lower-than-expected expenses for state retirement contributions.

### CAPITAL ASSET AND DEBT ADMINISTRATION

**Capital assets** – The District's investment in capital assets as of June 30, 2022 amounts to \$85,405,743 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings, improvements other than buildings, and equipment.

Major capital asset events during the year ended June 30, 2022 include the following:

- Increased construction in progress due to the District having several projects ongoing at year-end.
   These projects include the paving of a parking lot, electrical work, and upgrades to the fieldhouse, outdoor track, and tennis courts.
- Total building additions of \$1,271,443, land improvement additions of \$157,285, and equipment additions of \$188,525 from various projects at each campus.

The following table presents a summary of capital assets for the years ended June 30, 2022 and 2021:

Lake Park High School District No. 108's Capital Assets (net of depreciation)

| Total                     | \$<br>10,105,000 | \$      | 9,665,643 |

Major debt transactions during the year ended June 30, 2022 include the following:

2021 General Obligation bonds issued in the amount of \$6,905,000.

For more detail on the District's long-term debt, see Note 4 in the Notes to the Financial Statements.

### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

Lake Park High School District No. 108's Board of Education continues to emphasize the importance of a balanced budget. The annual projections have been updated with the current Consumer Price Index information and the annual budget continues to be balanced. The Board of Education has established a Finance Committee that meets on a regular basis to discuss the curricular and operational financial status of the District.

Since March 2020, the COVID-19 outbreak in the United States has created disruptions in various governments and has continued to impact these organizations. The District continues to manage the impact of supply chain issues especially with HVAC system upgrades. These issues have caused delays in receiving and installing planned upgrades. Beside these delays, the extent of any additional impact on the District is uncertain and cannot be reasonably estimated at this time.

The District will continue to receive ESSER Funds, which are considered one-time funding. These funds have been utilized for Personal Protective Equipment (PPE) and temporary staffing positions to address learning loss.

### **REQUESTS FOR INFORMATION**

This financial report is designed to provide citizens, taxpayers, parents, students, investors, and creditors with a general overview of the District's finances and to demonstrate its accountability for the money it receives. If there are questions about this report or additional information is needed, please contact the District at the following address:

Lake Park High School District No. 108 590 S. Medinah Road Roselle, IL 60172

# LAKE PARK HIGH SCHOOL DISTRICT NO. 108 FUND FINANCIAL STATEMENTS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES JUNE 30, 2022

| et Change in Fund Balances - Total Governmental Funds   |  | \$<br>7,264,164  |
|---|--|------------------|
| Amounts reported for governmental activities in the Statement of Activities are different because:  |  |                  |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation expense in the current period.   |  |                  |
| Depreciation Expense<br>Capital Outlays   | \$<br>(2,620,391)<br>5,991,014   | 0.070.000        |
| In the Statement of Activities, only the gain or loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the undepreciated balance of the capital assets sold.                                      |  | 3,370,623        |
| Gain/(Loss) on Sale of Capital Assets   |  | (82,481)         |
| Some revenues reported in the Statement of Activities do not provide current financial resources and therefore are deferred in the governmental funds.  |  |                  |
| Earnings on Investments<br>State and Federal Aid  | \$<br>108,228<br>(6,377)   | 404.054          |
| Long-term debt proceeds provide current financial resources to governmental funds and are therefore shown as revenue in the Statement of Revenues, Expenditures, and Changes in Fund Balances, but issuing debt increases long-term liabilities in the Statement of Net Position and is therefore not reported in the Statement of Activities.                      |  | 101,851          |
| Principal on Bonds Sold<br>Premium on Bonds Sold  | \$<br>(6,905,000)<br>(841,941)   | (7,746,941)      |
| Employer Pension Contributions are expensed in the fund financial statements but are treated as a reduction in the Net Pension and OPEB Liability on the government-wide financial statements.  |  | (-,,,            |

### LAKE PARK HIGH SCHOOL DISTRICT NO. 108 NOTES TO FINANCIAL STATEMENTS JUNE 30, 2022

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Lake Park High School District No. 108's (District) accounting policies conform to generally accepted accounting principles as applicable to local education agencies.

The District's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies established in GAAP used by the District are discussed below.

### A. Reporting Entity

The accompanying financial statements comply with the provisions of GASB Statements in that the financial statements include all organizations, activities, and functions that comprise the District. Component units are legally separate entities for which the District (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either (1) the District's ability to impose its will over the organization or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the District. Using these criteria, the District has no component units. In addition, the District is not included as a component unit in any other governmental reporting entity as defined by GASB pronouncements.

### B. Basic Financial Statements – Government-Wide Financial Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund (reporting the District's major funds) financial statements. Both the government-wide and fund financial statements categorize all of the primary activities of the District as governmental activities. The District does not have any business-type activities.

In the government-wide Statement of Net Position, the governmental activities column (a) is presented on a consolidated basis, and (b) is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions. The functions are also supported by general government revenues (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues and operating and capital grants. Program revenues must be directly associated with the function (regular programs, special education programs, payments to other districts and governmental units, etc.). Program revenues include charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function. Program revenues also include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function) are normally covered by general revenues (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.).

The District does not allocate indirect costs.

In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances were eliminated or reclassified. Interfund services provided and used are not eliminated in the process of consolidation

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

### C. Basic Financial Statements – Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses.

In the fund financial statements, the "economic resources" measurement focus is used as appropriate.

The emphasis in fund financial statements is on the major funds. Nonmajor funds are summarized into a single column. GASB Statement No. 34 sets forth the minimum criteria (percentage of the assets, liabilities, revenues or expenditures of all governmental funds) for the determination of major funds. The District electively made all governmental funds major funds.

### 1. Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The District reports these major governmental funds and fund types:

<u>General Fund</u> – The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Educational, Working Cash, and Special Education levies are included in this fund.

<u>Special Revenue Funds</u> – The Special Revenue Funds (Operations and Maintenance Fund, Transportation Fund, Illinois Municipal Retirement/Social Security Fund) are used to account for the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes other than debt service or capital projects.

<u>Debt Services Fund</u> – The Debt Services Fund is used to account for financial resources that are restricted, committed, or assigned to expenditures for the periodic payment of principal, interest and related fees on general long-term debt.

<u>Capital Projects Fund</u> – The Capital Projects Funds (Capital Projects Fund and Fire Prevention and Safety Fund) are used to account for financial resources that are restricted, committed, or assigned to expenditures for the acquisition or construction of major capital facilities.

### 2. Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or custodial capacity for others and therefore are not available to support District programs. The reporting focus is on net position. The following is a description of the fiduciary fund of the District:

<u>Custodial Funds</u> – The Custodial Funds (Student Activity Funds, Convenience Accounts, and Other Custodial Funds) account for assets held by the District as an agent for the student organizations or as a convenience for its staff. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to each fund are equal to the assets.

The District's fiduciary funds are presented in the fiduciary fund financial statements by type (custodial). Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the District, these funds are not incorporated into the government-wide statements.

### D. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

#### 1. Accrual

The governmental activities in the government-wide financial statements and the fiduciary fund financial statements are presented on the accrual basis of accounting. Property taxes are reported in the period for which levied. Other nonexchange revenues, including intergovernmental revenues and grants, are reported when all eligibility requirements have been met. Fees and charges and other exchange revenues are recognized when earned and expenses are recognized when incurred.

### Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. Property tax revenues are recognized in the period for which levied provided they are also available. Intergovernmental revenues and grants are recognized when all eligibility requirements are met and the revenues are available. Expenditures are recognized when the related liability is incurred. Exceptions to this general rule include principal and interest on general obligation long-term debt and employee vacation and sick leave, which are recognized when due and payable.

### E. Cash and Cash Equivalents and Investments

Separate bank accounts are not maintained for all District funds. Instead, the funds maintain their cash balances in common accounts, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund. Occasionally certain of the funds participating in the common bank account will incur overdrafts (deficits) in the account. Such overdrafts in effect constitute cash borrowed from other District funds and are, therefore, interfund loans that have not been authorized by District Board action.

No District fund had a cash overdraft at June 30, 2022.

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents are accounted for at cost, which approximates market.

Investments are stated at fair value. Fair value is determined by quoted market prices. Gains or losses on the sale of investments are recognized as they are incurred. The District has adopted a formal written investment and cash management policy. The institutions in which investments are made must be approved by the Board of Education.

### F. Receivables

All receivables are reported net of estimated uncollectible amounts.

### G. Prepaid Items

Prepaid items are for payments made by the District in the current year for goods and services received in the subsequent fiscal year, and the reserve for prepaid expenses in the governmental funds has been recorded to signify that a portion of fund balance is not available for other subsequent expenditures.

### H. Inventories

No inventory accounts are maintained to reflect the values of resale or supply items on hand. Instead, the costs of such items are charged to expense when purchased. The value of the District's inventories is not deemed to be material.

### I. Interfund Activity

Interfund activity is reported either as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

### J. Capital Assets

Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated historical cost. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Building 50-75 years Improvements Other than Buildings 20-35 years Equipment 3-30 years

### K. Deferred Outflows and Inflows of Resources

In addition to assets and liabilities, the Balance Sheet(s) and Statement(s) of Net Position will sometimes report separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and so will not be recognized as an outflow of resource until then. Deferred inflows of resources represent an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resource until that time.

### L. Compensated Absences

Vacation benefits are granted to employees in varying amounts to specified maximums depending on tenure with the District. The liability for unused compensated absences is reported in the government-wide financial statements. Sick leave is accumulated from year to year without limit but is not paid upon termination. Therefore, no compensated absence accrual is recorded for sick leave.

### M. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds on a straight-line basis. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as debt services expenditures.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### N. Lease Arrangements

The District is a lessee for noncancellable leases of equipment, transportation equipment and a building. The District recognizes lease liabilities and intangible right-to-use lease assets (lease assets) in the government-wide financial statements.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over the lease term. Key estimates and judgments related to leases include how the District determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

The District uses the interest rate charged by the lessors as the discount rate. When the interest rate charged by the lessors is not provided, the District uses its estimated incremental borrowing rate as the discount rate for leases.

The terms of the leases include the noncancellable period of the leases. Lease payments included in the measurement of the lease liabilities are composed of the fixed monthly/annual payments.

The District monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease assets and liabilities if certain changes occur that are expected to significantly affect the amount of the lease liabilities. Lease assets are reported with Capital Assets and lease liabilities are reported with Long Term Liabilities on the Statement of Net Position.

### O. Government-Wide Net Position

Government-wide net position is divided into three components:

- Net Investment in Capital Assets consists of capital assets (net of accumulated depreciation) reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted Net Position consists of net position that is restricted by the District's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.
- Unrestricted Net Position the remaining net position is reported in this category.

### P. Governmental Fund Balances

Governmental fund balances are divided between and spendable.

Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact.

The spendable fund balances are arranged in a hierarchy based on spending constraints.

- Restricted Restricted fund balances are restricted when constraints are placed on the use by either (a) external creditors, grantors, contributors, or laws or regulations of other governments or (b) law through constitutional provisions or enabling legislation.
- Committed Committed fund balances are amounts that can only be used for specific purposes as a result of a resolution of the Board of Education. Committed amounts cannot be used for any other purpose unless the Board of Education removes those constraints by way of resolution. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.
- Assigned Assigned fund balances are amounts that are constrained by the District's intent to be
  used for specific purposes but are neither restricted nor committed. Intent is expressed by an
  appointed body (e.g. a budget or finance committee) or official to which the Board of Education has
  delegated the authority to assign, modify or rescind amounts to be used for specific purposes. The
  District has not delegated this authority to an appointed body or official. All assigned fund balances
  are the residual amounts of the fund.
  - Assigned fund balances also include (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as nonspendable, restricted or committed, and (b) amounts in the General Fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue, capital projects or debt services fund are assigned for purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purpose of the District itself.
- Unassigned Unassigned fund balance is the residual classification for the General Fund. This
  classification represents the General Fund balance that has not been assigned to other funds, and
  that has not been restricted, committed, or assigned to specific purposes within the General Fund.
  Unassigned fund balance in the General Fund also includes amounts levied and/or borrowed for
  working cash.

The District permits funds to be expended in the following order: Restricted, Committed, Assigned and Unassigned.

### Q. Property Tax Calendar and Revenues

Property taxes are levied each calendar year on all taxable real property located in the District on or before the last Tuesday in December. The 2021 tax levy was passed by the Board on November 22, **2021**. The 2020 tax levy was passed by the Board on November 23, **2020**. Property taxes attach as an enforceable lien on property as of January 1 of the calendar year they are for and are payable in two installments early in June and early in September of the following calendar year. The District receives significant distributions of tax receipts within one month after these dates.

#### R. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

### NOTE 2 - INVESTMENTS AND FAIR VALUE MEASUREMENT

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

As of June 30, 2022, the District had the following investments and fair value measurements:

|                         | Credit   | Segmented        |               |               |                 |               |
|-------------------------|----------|------------------|---------------|---------------|-----------------|---------------|
|                         | Quality/ | Time             |               | Fair V        | alue Measuremer | nt Using      |
| Types of Investments    | Ratings  | Distribution     | Amount        | Level 1       | Level 2         | N/A           |
| State Investment Pools  | AAAmmf   | less than 1 year | \$ 28,849,887 | \$ -          | \$ -            | \$ 28,849,887 |
| U.S. Treasury Note      | N/A      | less than 1 year | 31,800,081    | 31,800,081    | -               | -             |
| Certificates of Deposit | N/A      | less than 1 year | 8,893,442     | -             | 8,893,442       | -             |
|                         |          |                  | \$ 69,543,410 | \$ 31,800,081 | \$ 8,893,442    | \$ 28,849,887 |

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities and certificates of deposit classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

### **NOTE 3 - CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2022 was as follows:

|   |              | Balance    |           |             |           |         | Balance       |             |  |
|---|--------------|------------|-----------|-------------|-----------|---------|---------------|-------------|--|
|   | July 1, 2021 |            | Increases |             | Decreases |         | June 30, 2022 |             |  |
| Governmental Activities                       |              |            |           |             |           |         |               |             |  |

| Buses                   | 256,835               |     | -       |    | 67,305    | 189,530               |    | 61,016                           |
|                         | \$<br>779,191         | \$  | -       | \$ | 243,667   | \$<br>535,524         | \$ | 243,842                          |
|                         |                       |     |         |    |           |                       |    |                                  |

At June 30, 2022, the annual lease and subsequent requirements are as follows:

| Year Ending June 30 | Principal |         | Interest |        | Total |         |
|---------------------|-----------|---------|----------|--------|-------|---------|
| 2023                | \$        | 243,842 | \$       | 20,175 | \$    | 264,017 |
| 2024                |           | 191,617 |          | 9,529  |       | 201,146 |
| 2025                |           | 100,065 |          | 2,898  |       | 102,963 |
|                     | \$        | 535,524 | \$       | 32,601 | \$    | 568,125 |

Lease liabilities are being repaid from the General Fund (building), Debt Services Fund (copiers), and Transportation Fund (buses).

#### **NOTE 6 - INTERFUND LOANS**

There are no outstanding interfund loans at June 30, 2022.

#### NOTE 7 - DEFICIT FUND BALANCE

At June 30, 2022 no fund had a deficit balance.

#### **NOTE 8 - PROPERTY TAXES**

Property taxes receivable and unavailable revenue recorded in these financial statements are from the 2021 tax levy. The unavailable revenue is 100% of the 2021 tax levy net of estimated uncollectible amounts. These taxes are unavailable as only a portion of the taxes are collected near the end of the fiscal year and the District does not consider the amounts to be available and does not budget for their use in fiscal year 2022. The District has determined that 100% of the amounts collected for the 2020 levy are allocable for use in fiscal year 2022. Therefore, 100% of the amounts collected for the 2020 and prior levies (\$52,098,531) are recorded in these financial statements as property tax revenue. A summary of assessed valuations, rates, and extensions for tax years 2021, 2020 and 2019 follows:

| Tax Year                   | 2021   |               |        | 2020         | 2019            |              |  |

#### NOTE 9 - EXCESS OF EXPENDITURES OVER BUDGET

For the year ended June 30, 2022, the following funds had expenditures that exceeded the budget.

|                                 |                 |                 | Exc | ess of Actual |
|---------------------------------|-----------------|-----------------|-----|---------------|
| Fund                            | Budget          | Actual          | C   | ver Budget    |
| Capital Projects Fund           | \$<br>2,261,153 | \$<br>3,685,805 | \$  | (1,424,652)   |
| Fire Prevention and Safety Fund | 1,885,494       | 2,006,067       |     | (120,573)     |

#### **NOTE 10 - RETIREMENT FUND COMMITMENTS**

#### A. Teachers' Retirement System of the State of Illinois

General Information About the Pension Plan

#### Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at http://www.trsil.org/financial/cafrs/fy2021; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

#### **Benefits Provided**

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with ten years, or age 55 with twenty years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last ten years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2% of final average salary up to a maximum of 75% with 34 years of service.

Tier II members qualify for retirement benefits at age 67 with ten years of service, or a discounted annuity can be paid at age 62 with ten years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3% increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of 3% of the original benefit or ½% of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier III hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout program that expire on June 30, 2024. Once program allows retiring Tier I members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier I and II members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and will be funded by bonds issued by the state of Illinois.

#### Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2021 was 9.0% of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-Behalf Contributions to TRS. The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2022, State of Illinois contributions recognized by the District were based on the State's proportionate share of the pension expense associated with the District, and the District recognized revenue and expenditures of \$12,051,009 in pension contributions from the State of Illinois.

<u>2.2 Formula Contributions.</u> Districts contribute 0.58% of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2022, were \$141,775 and are deferred because they were paid after the June 30, 2021 measurement date.

<u>Federal and Special Trust Fund Contributions.</u> When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2022, the District pension contribution was 10.31% of salaries paid from federal and special trust funds. For the year ended June 30, 2022, salaries totaling \$373,107 were paid from federal and special trust funds that required District contributions of \$38,467. These contributions are deferred because they were paid after the June 30, 2021 measurement date.

<u>Employer Retirement Cost Contributions.</u> Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6% if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2022, the District paid \$0 to TRS for employer contributions due on salary increases in excess of 6% and \$0 for sick leave days granted in excess of the normal annual allotment.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

At June 30, 2022, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related State support and the total portion of the net pension liability that was associated with the District follows below:

| District's proportionate share of the net pension liability                           | \$<br>2,004,692   |
|---|-------------------|
| State's proportionate share of the net pension liability associated with the District | 168,014,558       |
| Total   | \$<br>170,019,250 |

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021. The employer's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2021, relative to the contributions of all participating TRS employers and the State during that period. At June 30, 2021, the District's proportion was 0.0025698%, which was a decrease of 0.0001% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized pension expense of \$12,051,009 and revenue of \$12,051,009 for support provided by the State. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | Deferred<br>Outflows of<br>Resources |         | Deferred<br>Inflows of<br>Resources |           | Net Outflows o Resources |           |
|--|--------------------------------------|---------|-------------------------------------|-----------|--------------------------|-----------|
| Difference between expected and actual experience                                | \$                                   | 11,500  | \$                                  | (8,265)   | \$                       | 3,235     |
| Net difference between projected and actual earnings on pension plan investments |                                      | _       |                                     | (134,469) |                          | (134,469) |
| Changes of assumptions   |                                      | 888     |                                     | (9,906)   |                          | (9,018)   |
| Changes in proportion and differences between employer contributions and         |                                      |         |                                     |           |                          |           |
| proportionate share of contributions   |                                      | 21,920  |                                     | (263,809) |                          | (241,889) |
| Employer contributions subsequent to the measurement date                        |                                      | 141,775 |                                     | _         |                          | 141,775   |
|  | \$                                   | 176,083 | \$                                  | (416,449) | \$                       | (240,366) |

\$141,775 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows in these reporting years:

| Year Ending June 30 |                 |
|---------------------|-----------------|
| 2023                | \$<br>(107,870) |
| 2024                | (113,261)       |
| 2025                | (83,794)        |
| 2026                | (67,436)        |
| 2027                | <br>(9,780)     |
|                     | \$<br>(382,141) |

#### **Actuarial Assumptions**

The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25%

Salary Increases varies by amount of service credit
7.0%, net of pension plan investment
expenses, including inflation

In the June 30, 2021 actuarial valuation, mortality rates were based on the PubT-2010 Table with appropriate adjustments for TRS experience. The rates are based on a fully-generational basis using projection table MP-2020. In the June 30, 2020 actuarial valuation, mortality rates were also based on

the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2017.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

| Asset Class                      | Target<br>Allocation | Long-Term Expected<br>Real Rate of Return |
|----------------------------------|----------------------|---|
| U.S. equities large cap          | 16.7%                | 6.2%                                      |
| U.S. equities small/mid cap      | 2.2%                 | 7.4%                                      |
| International equities developed | 10.6%                | 6.9%                                      |
| Emerging market equities         | 4.5%                 | 9.2%                                      |
| U.S. bonds core                  | 3.0%                 | 1.6%                                      |
| Cash equivalents                 | 2.0%                 | 0.1%                                      |
| TIPS                             | 1.0%                 | 0.8%                                      |
| International debt developed     | 1.0%                 | 0.4%                                      |
| Emerging international debt      | 4.0%                 | 4.4%                                      |
| Real estate                      | 16.0%                | 5.8%                                      |
| Private Debt                     | 10.0%                | 6.5%                                      |
| Hedge Funds                      | 10.0%                | 3.9%                                      |
| Private Equity                   | 15.0%                | 10.4%                                     |
| Infrastructure                   | 4.0%                 | 6.3%                                      |
|                                  | 100.0%               |   |

#### Discount Rate

At June 30, 2021, the discount rate used to measure total pension liability was 7.00%, which was the same as the June 30, 2020 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2021 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

### Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point-higher (8.00%) than the current rate.

|                                |              | Current       |              |
|--------------------------------|--------------|---------------|--------------|
|                                | 1% Decrease  | Discount Rate | 1% Increase  |
|                                | 6.00%        | 7.00%         | 8.00%        |
| Employer's proportionate share |              |               |              |
| of the net pension liability   | \$ 2,482,770 | \$ 2,004,692  | \$ 1,607,586 |

#### TRS Fiduciary Net Position

Detailed information about the TRS's fiduciary net position as of June 30, 2021 is available in the separately issued TRS Comprehensive Annual Financial Report.

#### B. Illinois Municipal Retirement Fund

#### Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

#### **Benefits Provided**

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired **before** January 1, 2011 are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last ten years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired **on or after** January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last ten years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

#### Employees Covered by Benefit Terms

All appointed employees of a participating employer who are employed in a position normally requiring 600 hours (1,000 hours for certain employees hired after 1981) or more of work in a year are required to participate. As of December 31, 2021, the following employees were covered by the benefit terms:

| Inactive plan members and beneficiaries currently receiving benefits | 162 |
|--|-----|
| Inactive plan members entitled to but not yet receiving benefits     | 172 |
| Active plan members  | 131 |
| Total  | 465 |

#### **Contributions**

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rates for calendar years 2021 and 2022 were 11.83% and 10.01%, respectively. For the fiscal year ended June 30, 2022, the District contributed \$679,200 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

#### Net Pension Liability

The components of the net pension liability of the IMRF actuarial valuation performed as of December 31, 2021, and a measurement date as of December 31, 2021, calculated in accordance with GASB Statement No. 68, were as follows:

| Total Pension Liability                     | \$<br>43,315,100 |
|---|------------------|
| IMRF Fiduciary Net Position                 | 47,833,369       |
| District's Net Pension Liability            | (4,518,269)      |
| IMRF Fiduciary Net Position as a Percentage |                  |
| of the Total Pension Liability              | 110.43%          |

See the Schedule of Changes in the Employer's Net Pension Liability and Related Ratios in the Required Supplementary Information following the notes to the financial statements for additional information related to the funded status of the plan.

#### **Actuarial Assumptions**

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2021 using the following actuarial methods and assumptions:

Assumptions

Inflation 2.25%

Salary Increases 2.85% - 13.75% including inflation

Interest Rate 7.25%

Actuarial Cost Method Entry Age Normal

Asset Valuation Method Market Value of assets

Experience-based Table of Rates, specific to the type of eligibility condition. Last

Projected Retirement Age updated for the 2020 valuation pursuant to an experience study for the period

2017-2019.

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected

using scale MP-2020 were used. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020 were used. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020 were used.

#### Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2021:

|                        | Target     | Projected |
|------------------------|------------|-----------|
| Asset Class            | Allocation | Return    |
| Equities               | 39.00%     | 1.90%     |
| International Equities | 15.00%     | 3.15%     |
| Fixed Income           | 25.00%     | -0.60%    |
| Real Estate            | 10.00%     | 3.30%     |
| Alternatives           | 10.00%     |           |
| Private Equity         |            | 5.50%     |
| Hedge Funds            |            | N/A       |
| Commodities            |            | 1.70%     |
| Cash                   | 1.00%      | -0.90%    |
|                        | 100.00%    |           |

#### Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability as of December 31, 2020. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this valuation, the expected rate of return on pension plan investments is 7.25%; the municipal bond rate is 1.84%; and resulting single discount rate is 7.25%. The prior year single discount rate was 7.25% and increased 0.00% to the current year single discount rate.

#### Changes in the Net Pension Liability

|   | Total Pension<br>Liability<br>(A) |             | Plan Fiduciary<br>Net Position<br>(B) |             | sition Lia |             |
|---|-----------------------------------|-------------|---------------------------------------|-------------|------------|-------------|
| Balance at December 31, 2020              | \$                                | 41,890,976  | \$                                    | 42,305,694  | \$         | (414,718)   |
| Changes for the year:                     |                                   |             |                                       |             |            |             |
| Service Cost                              | \$                                | 578,384     | \$                                    | -           | \$         | 578,384     |

| Benefit Payments, including Refunds       |                                   |             |                                       |             |            |             |
| of Employee Contributions                 |                                   | (2,523,317) |                                       | (2,523,317) |            | -           |
| Other (Net Transfer)                      |                                   | -           |                                       | (209,651)   |            | 209,651     |
| Net Changes                               | \$                                | 1,424,124   | \$                                    | 5,527,675   | \$         | (4,103,551) |
| Balance at December 31, 2021              | \$                                | 43,315,100  | \$                                    | 47,833,369  | \$         | (4,518,269) |

#### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a single Discount Rate that is 1% lower or 1% higher than the current rate:

|                               |    |           |    | Current     |    |             |
|-------------------------------|----|-----------|----|-------------|----|-------------|
|                               | 1  | % Low er  | Di | scount Rate | •  | 1% Higher   |
|                               |    | 6.25%     |    | 7.25%       |    | 8.25%       |
| Net Pension Liability/(Asset) | \$ | (227,622) | \$ | (4,518,269) | \$ | (8,059,258) |

### <u>Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

For the year ended June 30, 2022, the District recognized pension income of \$1,638,220. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | Deferred<br>Outflows |           |    | Deferred<br>Inflows | C    | Net<br>Outflow s |  |
|--|----------------------|-----------|----|---------------------|------|------------------|--|
| Expense in Future Periods                            | of F                 | Resources | of | Resources           | of F | Resources        |  |
| Differences between expected and actual experience   | \$                   | 244,258   | \$ | -                   | \$   | 244,258          |  |
| Changes of assumptions                               |                      | -         |    | 61,610              |      | (61,610)         |  |
| Net difference between projected and actual earnings |                      |           |    |                     |      |                  |  |
| on pension plan investments                          |                      | -         |    | 5,727,284           | (    | (5,727,284)      |  |
| Total deferred amounts to be recognized in pension   |                      |           |    |                     |      |                  |  |
| expense in future periods                            | \$                   | 244,258   | \$ | 5,788,894           | \$ ( | (5,544,636)      |  |
| Pension contributions made subsequent to the         |                      |           |    |                     |      |                  |  |
| measurement date                                     |                      | 308,602   |    | -                   |      | 308,602          |  |
| Total deferred amounts related to pensions           | \$                   | 552,860   | \$ | 5,788,894           | \$ ( | (5,236,034)      |  |
|  | _                    |           |    |                     |      |                  |  |

\$308,602 reported as deferred outflows of resources related to pensions resulting from the District's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending | Net Deferred<br>Outflows of |             |  |  |  |
|-------------|-----------------------------|-------------|--|--|--|
| December 31 | Resources                   |             |  |  |  |

| 2026        |                             | -           |  |  |  |
| Thereafter  |                             | -           |  |  |  |
| Total       | \$                          | (5,544,636) |  |  |  |

#### C. Social Security

Employees not qualifying for coverage under the Teachers' Retirement System of the State of Illinois or the Illinois Municipal Retirement Fund are considered "non-participating employees". These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security. The District paid the total required contribution for the current fiscal year.

#### **NOTE 11 - POST EMPLOYMENT BENEFIT COMMITMENTS**

A. Teacher Health Insurance Security Fund (THIS)

General Information About the OPEB Plan

#### Plan Description

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp). The current reports are listed under "Central Management Services" (http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp). Prior reports are available under "Healthcare and Family Services" (http://www.auditor.illinois.gov/Audit-Reports/HEALTHCARE-FAMILY-SERVICES-Teacher-Health-Ins-Sec-Fund.asp).

#### Benefits Provided

The State of Illinois offers comprehensive health plan options, all of which include prescription drug and behavioral health coverage. The State of Illinois offers TCHP, HMO, and OAP plans.

- Teachers' Choice Health Plan (TCHP) benefit recipients can choose any physician or hospital for medical services; however, benefit recipients receive enhanced benefits, resulting in lower out-ofpocket costs, when receiving services from a TCHP in-network provider. TCHP has a nationwide network and includes CVS/Caremark for prescription drug benefits and Magellan Behavioral Health for behavioral health services.
- Health Maintenance Organizations (HMO) benefit recipients are required to stay within the health plan provider network. No out-of-network services are available. Benefit recipients will need to select a primary care physician (PCP) from a network of participating providers. The PCP will direct all healthcare services and make referrals to specialists and hospitalization.

- Open Access Plan (OAP) benefit recipients will have three tiers of providers from which to choose to obtain services. The benefit level is determined by the tier in which the healthcare provider is contracted.
  - Tier I offers a managed care network which provides enhanced benefits and operates like an HMO.
  - Tier II offers an expanded network of providers and is a hybrid plan operating like an HMO and PPO.
  - Tier III covers all providers which are not in the managed care networks of Tiers I or II (i.e., out-of-network providers). Using Tier III can offer benefit recipients flexibility in selecting healthcare providers but involves higher out-of-pocket costs. Furthermore, benefit recipients who use out-of-network providers will be responsible for any amount that is over and above the charges allowed by the plan for services (i.e., allowable charges), which could result in substantial out-of-pocket costs. Benefit recipients enrolled in an OAP can mix and match providers and tiers.

#### **Contributions**

For the fiscal year ended June 30, 2022, the State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires that all active contributors of the THIS make contributions to the plan at a rate of 0.90% of salary and for every employer of a teacher to contribute an amount equal to 0.67% of each teacher's salary. For the fiscal year ended June 30, 2021, the employee contribution was 1.24% of salary and the employer contribution was 0.92% of each teacher's salary. The Department of Central Management Services determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the Teachers' Health Insurance Security Fund (THISF), an amount equal to the amount certified by the Board of Trustees of THIS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year. The member contribution, which may be paid on behalf of employees by the employer, is submitted to THIS by the employer.

On-Behalf Contributions to THIS. The State of Illinois makes employer benefit contributions on behalf of the District. For the year ended June 30, 2022, State of Illinois contributions recognized by the District were based on the State's proportionate share of the collective net OPEB liability associated with the District, and the District recognized revenue and expenditures of \$287,525 in benefit contributions from the State of Illinois.

<u>OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs</u>

At June 30, 2022, the District reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for state benefit support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the net pension liability \$19,585,829
State's proportionate share of the net pension liability associated with the District 26,555,551
Total \$46,141,380

The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2020 and rolled forward to June 30, 2021. The District's proportion of the net OPEB liability was based on the District's share of contributions to THIS for the measurement year ended June 30, 2021, relative to the contributions of all

participating THIS employers and the State during that period. At June 30, 2021, the District's proportion was 0.088803% which was a decrease of 0.000133% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized benefit income of \$199,609 and on-behalf revenue/expense of \$287,525 for support provided by the State. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|   | Deferred<br>Outflows of<br>Resources |         | Deferred<br>Inflow's of<br>Resources |             | <br>et Outflows<br>Resources |
|---|--------------------------------------|---------|--------------------------------------|-------------|------------------------------|
| Differences between expected and actual experience      | \$                                   | -       | \$                                   | (916,201)   | \$<br>(916,201)              |
| Net difference between projected and actual earnings on |                                      |         |                                      |             |                              |
| pension plan investments                                |                                      | 308     |                                      | (375)       | (67)                         |
| Changes of assumptions                                  |                                      | 6,762   |                                      | (7,334,011) | (7,327,249)                  |
| Changes in proportion and differences between employee  |                                      |         |                                      |             |                              |
| contributions and proportionate share of contributions  |                                      | 286,010 |                                      | (331,576)   | (45,566)                     |
| Employer contributions subsequent to the measurement    |                                      | 162,874 |                                      |             | <br>162,874                  |
|   | \$                                   | 455,954 | \$                                   | (8,582,163) | \$<br>(8,126,209)            |

\$162,874 reported as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the reporting year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows in these reporting years:

| Year Ending June 30 |                |
|---------------------|----------------|
| 2023                | \$ (2,339,820) |
| 2024                | (2,456,756)    |
| 2025                | (1,817,585)    |
| 2026                | (1,462,783)    |
| 2027                | (212,139)      |
|                     | \$ (8,289,083) |

#### Actuarial Assumptions

The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation                   | 2.50%   |
|-----------------------------|---|
| Salary Increases            | Depends on service and ranges from 9.50% at 1 year of service to 4.00% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption.  |
| Investment Rate of Return   | 2.75%, net of OPEB plan investment expense, including inflation   |
| Healthcare Cost Trend Costs | Trend for fiscal year 2022 based on expected increases used to develop average costs. For fiscal years ending on or after 2023, trend starts at 8.00% for non-Medicare costs and Medicare costs, and gradually decreases to an ultimate trend of 4.25%. |

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for TRS experience. For disabled annuitants, mortality rates were based on the RP-2014 Disabled Annuitant Table. Mortality rates pre-retirement were based on the RP-2014 White Collar Table. All tables reflect future improvements using Projection Scale MP-2017.

The actuarial assumptions that were used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 through June 30, 2017.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

|   |            | Long-Term      |
|---|------------|----------------|
|   | Target     | Expected Real  |
| Asset Class                                 | Allocation | Rate of Return |
| Illinois Public Treasurers' Investment Pool | 100.0%     | 0.32%          |
|   | 100.0%     |                |

#### **Discount Rate**

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since TRIP (Teachers' Retirement Insurance Program) is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected.

The discount rates are 1.92% as of June 30, 2021, and 2.45% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, THIS's fiduciary net position at June 30, 2021 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on THIS investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

At June 30, 2021, the discount rate used to measure the total OPEB liability was 1.92%.

#### Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the discount rate of 1.92%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (0.92%) or 1 percentage-point higher (2.92%) than the current rate.

|  |       | Current    |       |               |       |            |  |
|--|-------|------------|-------|---------------|-------|------------|--|
|  | 1'    | % Decrease | D     | Discount Rate |       | % Increase |  |
|  | 0.92% |            | 1.92% |               | 2.92% |            |  |
| Employer's proportionate share of the net OPEB liability | \$    | 23,528,371 | \$    | 19,585,829    | \$    | 16,460,862 |  |

#### Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher. The key trend rates are 8.00% in 2023 decreasing to an ultimate trend rate of 4.25% in 2038.

|  |                              |           | H  | <del>l</del> ealthcare |    |            |
|--|------------------------------|-----------|----|------------------------|----|------------|
|  | 1% Decrease Cost Valuation 1 |           |    |                        |    | % Increase |
|  | (                            | (a)       |    | Rate                   |    | (b)        |
| Employer's proportionate share of the net OPEB liability | \$ 15                        | 5,679,458 | \$ | 19,585,829             | \$ | 24,892,392 |

- (a) One percentage point decrease in healthcare trend rates are 7.00% in 2023 decreasing to an ultimate trend rate of 3.25% in 2038.
- (b) One percentage point increase in healthcare trend rates are 9.00% in 2023 decreasing to an ultimate trend rate of 5.25% in 2038.

#### B. Retiree Insurance Plan

#### Plan Overview

In addition to providing the pension benefits described in Note 10, the District provides post-employment benefits other than pensions ("OPEB") for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the District and can be amended by the District through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the District's governmental activities.

#### **Benefits Provided**

The District provides postemployment health care benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the District's retirement plans and complete at least 20 years of service with the District (this requirement is reduced to five years for Administrators). All health care benefits are provided through the District's insured health plan. The benefit levels are the same as those afforded to active employees.

#### Medical Coverage

#### All Employees

Increases in premiums after retirement are paid by the retiree. A retiree who discontinues coverage cannot reenroll in that coverage. A retiree who decreases coverage cannot at a later date, increase that coverage. District benefits cease after 10 years of coverage. After District benefits expire, retirees may continue coverage at their own expense. Health Reimbursement Accounts cannot be continued after 10 years. The District pays the amount of the employee's benefit for retiree dental and vision insurance coverage in effect at the time of retirement.

#### Retired on or before June 30, 2006

The District pays the amount of the employee's benefit for retiree medical and life insurance coverage in effect at the time of retirement. Retirees must enroll in Medicare upon attaining age 65.

#### Retired after June 30, 2006 and on or before June 30, 2009

The District pays the amount of the employee's benefit for life insurance coverage in effect at the time of retirement. District payments for retiree medical are capped at \$340 per month for single coverage and \$680 per month for retiree plus-one-coverage. Retirees must enroll in Medicare upon attaining age 65.

#### Retired after June 30, 2009

Life insurance coverage is not available to any employee retiring after June 30, 2009. District payments for retiree medical are capped at \$340 per month for single coverage and \$680 per month for retiree plus-one-coverage. TRS retirees must enroll in medical coverage through the Teacher's Retirement Insurance Program ("TRIP"). Retirees must enroll in Medicare upon attaining age 65.

The plan does not issue a stand-alone financial report.

#### Membership

Membership in the plan consisted of the following at July 1, 2021, the date of the latest actuarial valuation:

| Active employees  | 331 |
|---|-----|
| Inactive employees entitled to but not yet receiving benefits | -   |
| Inactive employees currently receiving benefits               | 187 |
| Total   | 518 |

#### **Total OPEB Liability**

The District's total OPEB liability was measured as of June 30, 2022, and the total OPEB liability was determined by an actuarial valuation as of July 1, 2021.

#### **Actuarial Assumptions**

The total OPEB liability in the July 1, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

| Actuarial Method                | Entry Age Normal |
|---------------------------------|------------------|
| Discount rate                   | 4.09%            |
| Inflation                       | 3.00%            |
| Salary Rate Increase            | 4.00%            |
| Health Care Trend               |                  |
| Initial Trend Rate              | 2.00 - 5.50%     |
| Ultimate Trend Rate             | 4.50%            |
| FY the Ultimate Rate is Reached | 2037             |
|                                 |                  |
| Â                               |                  |

Active Employees -

IMRF: PubG.H-2010(B) Mortality Table - General (below-median income) with future

Mortality mortality improvement using Scale MP-2020.

TRS: PubT-2010 Employee Mortality Table projected generationally with Scale MP-2020,

with female and male rates multiplied by 90% for all ages.

Retirees -

IMRF: PubG.H-2010(B) Mortality Table – General (below-median income), Male adjusted 106% and Female adjusted 105% tables, with future mortality

improvement using scale MP-2020.

TRS: PubT-2010 Retiree Mortality Table projected generationally with Scale MP-2020, with female rates multiplied by 91% for ages under 75 and 109% for ages 75 and older, and male rates multiplied by 105% for ages under 85 and 115% for ages 85 and older.

Election at Retirement 100% of active employees are assumed to elect coverage at retirement

60% of active employees electing retiree coverage are assumed to elect

Marital Status spousal coverage with males three years older than females. Actual spouse

data is used for current retirees.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, **2021** through June 30, 2022. Assumption changes reflect a change in the discount rate of (1.91%) from 2.18% for the beginning of the year values and 4.09% for the disclosure date.

There is no long-term expected rate of return on OPEB plan investments because the District does not have a trust dedicated exclusively to the payment of OPEB benefits.

#### Discount Rate

The District does not have a dedicated trust to pay retiree healthcare benefits. Per GASB 75, the discount rate should be a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale).

A rate of 4.09% is used, which is the S&P Municipal Bond 20-Year High-Grade Rate Index as of June 30, 2022.

#### Changes in the Total OPEB Liability

|                                  | Increase/(Decrease)  Total OPEB Plan Fiduciary Net OPEB |  |                |  |  |  |  |  |  |  |  |  |  |

|                                  |   |  |                |  |  |  |  |  |  |  |  |  |  |
| Balances at June 30, 2021        | \$ 6,693,528  | \$ -   | \$ 6,693,528   |  |  |  |  |  |  |  |  |  |  |

#### Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current discount rate:

| Plan's Total OPEB Liability/(Asset) |            |    |              |    |            |  |  |  |  |  |
|-------------------------------------|------------|----|--------------|----|------------|--|--|--|--|--|
| 19                                  | 6 Decrease | Va | luation Rate | 19 | % Increase |  |  |  |  |  |
| \$                                  | 7,207,723  | \$ | 6,693,528    | \$ | 6,222,818  |  |  |  |  |  |

#### Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher than the current healthcare cost trend rates:

|    | Plan's      | Total | OPEB Liability/( <i>F</i> | Asset) |            |
|----|-------------|-------|---------------------------|--------|------------|
|    |             | Hea   | althcare Cost             |        |            |
| •  | 1% Decrease | Va    | luation Rate              | 19     | % Increase |
| \$ | 6,525,808   | \$    | 6,693,528                 | \$     | 6,888,492  |

### OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2022, the District recognized OPEB expense of \$492,207. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|  | _  | Deferred   | _  | Deferred  |    |            |
|--|----|------------|----|-----------|----|------------|
|  |    | ıtflows of | -  | nflows of |    | et Inflows |
|  | R  | esources   | R  | esources  | of | Resources  |
| Differences Between Expected and Actual Experience | \$ | 64,824     | \$ | 507,434   | \$ | (442,610)  |
| Changes of Assumptions                             |    | 662,597    |    | 984,935   |    | (322,338)  |
| Total  | \$ | 727,421    | \$ | 1,492,369 | \$ | (764,948)  |

Changes in total OPEB liability related to the difference in actual and expected experience, or changes in assumptions regarding future events, are recognized in OPEB expense over the expected remaining service life of all employees (6.95 years, active and retired) in the postretirement plan.

Amounts reported as deferred outflows of resources related to OPEB will be recognized as future OPEB expense as follows:

|                     | Ne | et (Inflows) of |
|---------------------|----|-----------------|
| Year ending June 30 |    | Resources       |
| 2023                | \$ | 21,313          |
| 2024                |    | 37,809          |
| 2025                |    | 122,319         |
| 2026                |    | 132,691         |
| 2027                |    | 158,251         |
| 2028                |    | 195,134         |
| 2029                |    | 97,431          |
|                     | \$ | 764,948         |

#### NOTE 12 - INTERFUND TRANSFERS

Interfund transfers during the year ended June 30, 2022 were as follows:

| Transfer From                   | Transfer To                     | Amount |           |  |  |  |
|---------------------------------|---------------------------------|--------|-----------|--|--|--|
| Education Fund                  | Debt Service Fund               | \$     | 126,099   |  |  |  |
| Operations and Maintenance Fund | Debt Services Fund              |        | 267,550   |  |  |  |
| Education Fund                  | Operations and Maintenance Fund |        | 2,000,000 |  |  |  |
| Transportation Fund             | Operations and Maintenance Fund |        | 500,000   |  |  |  |
| Operations and Maintenance Fund | Capital Projects Fund           |        | 3,500,000 |  |  |  |
| Debt Service Fund               | Capital Projects Fund           |        | 211,200   |  |  |  |

The transfers from the Education Fund and Operations and Maintenance Fund to the Debt Services Fund were for principal and interest payments on debt. The transfers from the Education Fund and the Transportation Fund to the Operations and Maintenance Fund and the transfer from the Operations and Maintenance Fund to the Capital Projects Fund were for one-time, non-recurring expenses. The transfer from the Debt Service Fund to the Capital Projects Fund was to transfer interest income.

#### **NOTE 13 - JOINT VENTURES**

#### A. North DuPage Special Education Cooperative (NDSEC)

The District and eight other districts within DuPage County have entered into a joint agreement to provide special education programs and services to the students enrolled. Each member district has a financial responsibility for annual and special assessments as established by the management council.

A summary of financial condition (modified cash basis) of NDSEC at June 30, 2021 (most recent information available) is as follows:

| Assets                                  | \$<br>5,779,926  |
|---|------------------|
| Liabilities                             | \$<br>734,332    |
| Net Position                            | 5,045,594        |
|   | \$<br>5,779,926  |
| Revenues Received                       | \$<br>16,706,287 |
| Expenditures Disbursed                  | 16,158,010       |
| Net Increase/(Decrease) in Net Position | \$<br>548,277    |

Complete financial statements for NDSEC can be obtained from the Administrative Offices at 132 E. Pine Avenue, Roselle, Illinois 60172.

#### B. DuPage Area Occupational Education System (DAOES)

The District and thirteen other districts within the DuPage County area have entered into a joint agreement to provide vocational programs for member districts that are not offering these services individually. Each member district has a financial responsibility for annual and special assessments as established by the management council.

A summary of the Statement of Net Position of DAOES at June 30, 2021 (most recent information available) is as follows:

| Assets                                  | \$<br>20,850,325 |
|---|------------------|
| Deferred Outflows                       | 261,247          |
|   | \$<br>21,111,572 |
| Liabilities                             | \$<br>3,239,552  |
| Deferred Inflows                        | 1,816,970        |
| Net Position                            | 16,055,080       |
|   | \$<br>21,111,602 |
| Revenues                                | \$<br>12,402,578 |
| Expenditures                            | 10,621,211       |
| Net Increase/(Decrease) in Net Position | \$<br>1,781,367  |

Complete financial statements for DAOES can be obtained from the Administrative Offices at 301 S. Swift Road, Addison, Illinois 60101.

#### **NOTE 14 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District purchases commercial insurance to handle these risks of loss. During fiscal year 2022 there was no significant reduction in insurance coverage for any category. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The District is a member of the Collective Liability Insurance Cooperative (CLIC), a joint risk management pool of school districts through which property, general liability, automobile liability, crime, excess property, excess liability, and boiler and machinery coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

The relationship between the District and CLIC is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The District is contractually obligated to make all annual and supplementary contributions for CLIC, to report claims on a timely basis, cooperate with CLIC, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by CLIC. Members have a contractual obligation to fund any deficit of CLIC attributable to a membership year during which they were members.

CLIC is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Board of Directors. CLIC also provides its members with risk management services, including the defense and settlement of claims, and establishes reasonable and necessary loss of reduction and prevention procedures to be followed by the members.

The District is insured under a retrospectively-rated policy for workers' compensation coverage, whereas the initial premium may be adjusted based on actual experience. Adjustments in premiums are recorded when paid or received. During the year ended June 30, 2022, there were no significant adjustments in premiums based on actual experience.

The District has a self-insured plan that provides its employees' dental and vision care benefits. A third party administrator is contracted to manage the plan and all related claims. See Note 15 for more information.

#### **NOTE 15 - SELF INSURANCE**

The District self-insures the dental and vision portion of its employees' health care benefits. A third party administrator has been contracted to manage the plan. At June 30, 2022, the liability for unpaid claims was \$48,880 and \$3,772 for dental and vision claims, respectively. A reconciliation of changes in the aggregate liabilities for claims for the last three years is as follows:

|  | <br>l Year Ended<br>le 30, 2022 |    | l Year Ended<br>e 30, 2021 |    | l Year Ended<br>le 30, 2020 |
|--|---------------------------------|----|----------------------------|----|-----------------------------|
| Claims Liabilities - Beginning of the Year | \$<br>67,299                    | \$ | 43,722                     | \$ | 45,585                      |
| Incurred Claims                            | 405,056                         |    | 422,847                    |    | 349,584                     |
| Payment on Claims                          | (419,703)                       |    | (399,270)                  |    | (351,447)                   |
| Claims Liabilities - End of the Year       | \$<br>\$ 52,652                 |    | 67,299                     | \$ | 43,722                      |

#### **NOTE 16 - CONSTRUCTION COMMITMENTS**

The District has multiple on-going construction projects which are anticipated to be completed in the following fiscal year. The total estimated amount of outstanding contracts at June 30, 2022 is \$7,384,183.

#### **NOTE 17 - LEGAL DEBT LIMITATION**

The Illinois School Code limits the amount of indebtedness to 6.9% of the most recent available equalized assessed valuation (EAV) of the District. The District's legal debt limitation is as follows:

| 2021 EAV              | \$<br>2,394,311,663 |
|-----------------------|---------------------|
| Rate                  | <br>6.90%           |
| Debt Margin           | \$<br>165,207,505   |
| Current Debt          | <br>10,105,000      |
| Remaining Debt Margin | \$<br>155,102,505   |

#### **NOTE 18 - CHANGE IN ACCOUNTING PRINCIPLE**

The District has implemented GASB Statement No. 87, *Leases*. This statement establishes financial reporting standards related to leases. Implementation of this standard resulted in recognizing the fair market value of the liability and asset at the commencement of the agreement. There have been no changes to the previously issued audited financial statements which would be required on a retrospective basis.

#### NOTE 19 - NET INVESTMENT IN CAPITAL ASSETS CALCULATION

Net investment in capital asset calculation as of June 30, 2022 was as follows:

#### **Governmental Activities**

Capital Assets, Net of Accumulated Depreciation
Unamortized Loss on Refunding
Less:
Capital Related Debt
Unamortized Bond Premium
Investment in Capital Assets

#### **NOTE 20 - NET POSITION ADJUSTMENT**

A net position adjustment in the amount of \$197,498 was made in the Fiduciary Funds - Custodial Funds, to align the fund with GASB 84, *Fiduciary Activities* requirements, which was implemented in the prior year.

#### Notes to Schedule:

#### Actuarial Method and Assumptions Used on the Calculation of the 2021 Contribution Rate \*

Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported. 

□

Actuarial Cost Method: Aggregate Entry Age Normal
Amortization Method: Level percentage of payroll, closed
Remaining Amortization Period: 22-year closed period
Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth: 3.25%

Price Inflation: 2.50%, approximate; No explicit price inflation assumption is used in this valuation.

Salary Increases: 3.35% to 14.25%, including inflation

Investment Rate of Return: 7.25%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2017 valuation pursuant to an experience study of the period 2014 to 2016.

Mortality: For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality rates were used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF specific mortality rates were used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

\*Based on Valuation Assumptions used in the December 31, 2019 actuarial valuation; note two year lag between valuation and rate setting.

This schedule is presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.

This schedule is presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.

#### **Changes of Assumptions:**

For the 2021 measurement year, the assumed investment rate of return was of 7.0%, including an inflation rate of 2.25% and a real return of 4.75%. Salary increases were assumed to vary by service credit. These actuarial assumptions were based on an experience study dated Sept. 30, 2021.

For the 2020-2016 measurement years, the assumed investment rate of return was of 7.0%, including an inflation rate of 2.5% and a real return of 4.5%. Salary increases were assumed to vary by service credit. The assumptions used for the 2020-2018 and 2017-2016 measurement years were based on an experience study dated September 18, 2018 and August 13, 2015 respectively.

For the 2015 measurement year, the assumed investment rate of return was 7.5%, including an inflation rate of 3.0% and a real return of 4.5%. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

#### **Notes to Schedule:**

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

There is no actuarially-determined contribution (ADC) or employer contribution in relation to the ADC as the total OPEB liabilities are currently an unfunded obligation.

Changes of Assumptions. Changes of assumptions and other inputs reflect the effects of changes in the discount rate of each period.

The following are the discount rates used in each period:

4.09%
2.18%
2.66%
2.79%
2.98%

This schedule is presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.

<sup>\* -</sup> Covered-Employee Payroll is the same as the prior year due to the valuation being a rollforward instead of a new valuation.

#### LAKE PARK HIGH SCHOOL DISTRICT NO. 108 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2022

#### NOTE 1 - BUDGETARY PROCESS

The District follows procedures mandated by Illinois State law and District Board policy to establish the budgetary data reflected in its financial statements. The budget was passed on September 27, **2021** and was amended on June 27, 2022. The modified accrual basis budgeted amounts in this report are the result of full compliance with the following procedures:

For each fund, total fund expenditures may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures and the means of financing them.
- 2. A public hearing is conducted to obtain taxpayer comments.
- 3. Prior to October 1, the budget is legally adopted through passage of a resolution.
- 4. Formal budgetary integration is employed as a management control device during the year.
- 5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
- 6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

#### NOTE 2 - EXCESS OF EXPENDITURS OVER BUDGET

For the year ended June 30, 2022, none of the District's funds presented as Required Supplementary Information had expenditures that exceeded the budget.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education Lake Park High School District No. 108 Roselle, Illinois

#### Report on Compliance for Each Major Federal Program

#### Opinion on Each Major Federal Program

We have audited

Lake Park High School District No. 108's

compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Lake Park High School District No. 108's major federal programs for the year ended June 30, 2022. Lake Park High School District No. 108's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Lake Park High School District No. 108 complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements*, *Cost Principles*, *and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Lake Park High School District No. 108 and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Lake Park High School District No. 108's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Lake Park High School District No. 108's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Lake Park High School District No. 108's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Lake Park High School District No. 108's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Lake Park High School District No. 108's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Lake Park High School District No. 108's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Lake Park High School District No. 108's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2022-001. Our opinion on each major federal program is not modified with respect to this matter.

Government Auditing Standards require the auditor to perform limited procedures on Lake Park High School District No. 108's response to the noncompliance finding identified in our compliance audit described in the accompanying Schedule of Findings and Questioned Costs. Lake Park High School District No. 108's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

#### Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency,

or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

<sup>• (</sup>M) Program was audited as a major program as defined by §200.518.

The accompanying notes are an integral part of this schedule.

<sup>\*</sup>Include the total amount provided to subrecipients from each Federal program. §200.510 (b)(4).

<sup>&</sup>lt;sup>1</sup> To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.

<sup>&</sup>lt;sup>2</sup> When the CFDA number is not available, the auditee should indicate that the CFDA number is not available and include in the schedule the program's name and, if applicable, other identifying number.

<sup>3</sup> When awards are received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included in the schedule. §200.510 (b)(2)

<sup>4</sup> The Uniform Guidance requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in the schedule and suggests to include the amounts in the SEFA notes.

### LAKE PARK HIGH SCHOOL DISTRICT NO. 108 NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2022

#### **NOTE 1 - BASIS OF PRESENTATION**

The Schedule of Expenditures of Federal Awards includes the federal award activity of Lake Park High School District No. 108 under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with requirements of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in the schedule may offer from amounts presented in, and used in the preparation of, the basic financial statements.

#### **NOTE 2 - SUMMARY OF ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### **NOTE 3 - INDIRECT COST RATE**

The District has elected not to use the 10 percent de minimis indirect rate as allowed under the Uniform Guidance.

#### **NOTE 4 - SUBRECIPIENTS**

The District did not provide federal awards to subrecipients during the year ended June 30, 2022.

#### **NOTE 5 - FEDERAL LOANS**

There were no federal loans or loan guarantees outstanding at year end.

#### NOTE 6 - DONATED PERSONAL PROTECTIVE EQUIPMENT (PPE) (UNAUDITED)

The District did not receive any federally donated PPE.

#### LAKE PARK HIGH SCHOOL DISTRICT NO. 108 SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2022

#### 1) Summary of auditor's results:

- a) The auditor's report expresses an unmodified opinion on whether the financial statements of Lake Park High School District No. 108 were prepared in accordance with GAAP.
- b) No significant deficiencies are reported during the audit of the financial statements. No material weaknesses are reported.
- c) No instances of noncompliance material to the financial statements of Lake Park High School District No. 108, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- d) No significant deficiencies in internal control over major federal award programs are reported during the audit of the financial statements. No material weaknesses in internal control over major federal award programs are reported.
- e) The auditor's report on compliance for the major federal award programs for Lake Park High School District No. 108 expresses an unmodified opinion on all major federal programs.
- f) Audit findings that are required to be reported in accordance with Uniform Guidance 2 CFR section 200.516(a) are reported in this schedule.
- g) The programs tested as a major program were: COVID-19 Elementary and Secondary Emergency Relief Fund (ESSER), CFDA #84.425D; COVID-19 ARP LEA and COOP American Rescue Plan, CFDA #84.425U; and COVID-19 ARP Homeless I McKinney Vento Homeless (LEA), CFDA #84.425W.
- h) The threshold used for distinguishing between Type A and B programs was \$750,000.
- i) Lake Park High School District No. 108 was determined to be a low-risk auditee.
- 2) There were no findings related to the financial statements which are required to be reported.
- 3) A finding relating to federal awards which is required to be reported is detailed in finding number 2022-001.

### Lake Park High School District No. 108 34-049-0950-26

### SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS<sup>19</sup> Year Ending June 30, 2022

| Finding Number | Condition | Current Status <sup>20</sup> |
|----------------|-----------|------------------------------|
| None           |           |                              |

When possible, all prior findings should be on the same page

- A statement that corrective action was taken
- A description of any partial or planned corrective action
- An explanation if the corrective action taken was significantly different from that previously reported or in the management decision received from the pass-through entity.

 $<sup>^{\</sup>rm 19}\,$  Explanation of this schedule - §200.511 (b)

<sup>&</sup>lt;sup>20</sup> Current Status should include one of the following:

WWW.LPHS.ORG

#### Fiscal Year 2022

#### Lake Park High School District No. 108

#### **Corrective Action Plan**

Finding Number: 2022-001

Finding Synopsis: During the audit, we determined that the District did

not maintain employee acknowledgement forms of being paid with federal funds, which is a compliance

requirement of the ESSER grants.

Action Steps: The District will implement procedures to ensure that

the required forms are completed throughout the year, and that someone other than the preparer will

review these forms periodically.
