# INDEPENDENT AUDITOR'S OPINION

To the Board of Education Lake Park High School District No. 108 Roselle, Illinois

# **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of

Lake Park High School District No. 108

as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Lake Park High School District No. 108 as of June 30, 2018, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Change in Accounting Principle**

As described in Note 18 to the financial statements, the District implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* and GASB Statement No 85, *Omnibus 2017.* Our opinion is not modified with respect to this matter.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedules of Changes in the Employer's Net Pension/OPEB Liability and Related Ratios, Schedules of Employer Contribution, Schedules of the Employer's Proportionate Share of the Net Pension/OPEB Liability, and budgetary comparison information on pages 6 through 11 and 47 through 66 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Lake Park High School District No. 108's basic financial statements. The supplemental information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The supplemental information and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information, except for the average daily attendance figure included in the computation of operating expense per pupil and per capita tuition charges, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 10, 2018 on our consideration of Lake Park High School District No. 108's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lake Park High School District No. 108's internal control over financial reporting and compliance.

#### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education Lake Park High School District No. 108 Roselle, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of

Lake Park High School District No. 108

as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Lake Park High School District No. 108's basic financial statements, and have issued our report thereon dated October 10, 2018.

# Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Lake Park High School District No. 108's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lake Park High School District No. 108's internal control. Accordingly, we do not express an opinion on the effectiveness of Lake Park High School District No. 108's internal control. 108's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Lake Park High School District No. 108's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial

statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

McHenry, Illinois October 10, 2018 REQUIRED SUPPLEMENTARY INFORMATION

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### JUNE 30, 2018

The Management's Discussion and Analysis of Lake Park High School District No. 108's (District) financial performance provides an overall review of the District's financial activities for the year ended June 30, 2018. The management of the District encourages readers to consider the information presented herein in conjunction with the basic financial statements to enhance their understanding of the District's financial performance.

#### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the District exceed its liabilities and deferred inflows of resources at June 30, 2018 by \$19,181,723 (net position).
- The District's total net position decreased by \$42,529,042, which includes a net position adjustment of \$(47,964,174).
- At June 30, 2018, the District reported combined ending fund balances of \$20,813,207, an increase of \$3,677,016 in comparison with the prior year.
- At June 30, 2018, the unassigned fund balance for the General Fund was \$15,021,024, or 29 percent of total General Fund expenditures.
- The District's total long-term debt decreased by \$5,516,599 during the year ended June 30, 2018 due to payments made on existing long-term debt.

#### **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The basic financial statements comprise three components:

- Government-wide financial statements,
- Fund financial statements, and
- Notes to the financial statements

This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements** - The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets and deferred outflows of resources, less its liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., intergovernmental receivables).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). Governmental activities include instruction, support services, operations and maintenance, student transportation, food services, and certain other activities and expenses such as payments to other districts and governmental units, interest and fees, and unallocated depreciation.

The government-wide financial statements can be found on pages 12 and 13 of this report.

**Fund financial statements** - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

*Governmental Funds* - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains six individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General, Operations and Maintenance, Debt Services, Transportation, Illinois Municipal Retirement/Social Security, and Capital Projects Funds, all of which the District considers to be major funds.

The District adopts an annual budget for each of the funds listed above. A budgetary comparison statement, which is required supplementary information, has been provided for the General Fund and each major special revenue fund to demonstrate compliance with this budget.

The basic fund financial statements can be found on pages 14 through 18 and the required supplementary information can be found on pages 47 through 66 of this report.

*Fiduciary Funds* - Fiduciary funds are used to account for assets held for others, such as student activity funds. Fiduciary funds are not reflected in the government-wide financial statements because the assets of these funds are not available to support the District's operations.

The basic fiduciary fund financial statement can be found on page 19 of this report.

**Notes to the Financial Statements** - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 20 through 46 of this report.

**Other Information** - In addition to the basic financial statements, accompanying notes, and required supplementary information, this report also presents certain supplementary information concerning the District's progress in meeting its obligation to provide fully adequate educational services and extracurricular activities to all of its resident's students.

Supplemental financial information can be found on pages 67 through 81 of this report.

# **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$19,181,723 at June 30, 2018.

The following table presents a summary of the District's net position for the years ended June 30, 2018 and 2017:

-	Governmental Activities								
	 6/30/2018		6/30/2017						
Assets									
Current and Other Assets	\$ 74,520,534	\$	71,685,251						
Capital Assets	 80,886,815	_	82,187,171						
Total Assets	\$ 155,407,349	\$	153,872,422						
Deferred Outflows of Resources	\$ 5,339,443	\$	3,470,305						
Liabilities									
Long-Term Liabilities Outstanding	\$ 79,380,810	\$	42,499,027						
Other Liabilities	 4,843,024		4,850,878						
Total Liabilities	\$ 84,223,834	\$	47,349,905						
Deferred Inflows of Resources	\$ 57,341,235	\$	48,282,057						
Net Position									
Net Investment in Capital Assets	\$ 53,156,441	\$	48,702,186						
Restricted	1,889,166		1,542,638						
Unrestricted	 (35,863,884)		11,465,941						
Total Net Position	\$ 19,181,723	\$	61,710,765						

Lake Park High School District No. 108's Net Position

By far the largest portion of the District's net position (277 percent) reflects its investment in capital assets (e.g., land, buildings, equipment, etc.); less any related debt used to acquire those assets that is still outstanding. The District uses these assets to provide educational services and extracurricular activities for the students of the local community; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following table presents a summary of changes in net position for the years ended June 30, 2018 and 2017:

#### Lake Park High School District No. 108's Change in Net Position

	Governmental Activities									
		2018		2017						
Revenues:										
Program Revenues:										
Charges for Services	\$	3,031,237	\$	3,058,353						
Operating Grants and Contributions		16,720,359		18,957,259						
Capital Grants and Contributions		210,203		84,771						
General Revenues:										
Property Taxes		47,868,857		47,453,175						
Other Payments in Lieu of Taxes		656,842		694,076						
Grants and Contributions not Restricted to Specific Activities		2,059,189		1,375,722						
Unrestricted Investment Earnings		578,746		312,975						
Other		(22,700)		26,704						
Total Revenues	\$	71,102,733	\$	71,963,035						
Expenses:										
Instruction										
Regular Programs	\$	14,905,156	\$	13,703,956						
Special Education Programs		3,536,090		3,072,260						
Other Instructional Programs		6,081,649		5,715,048						
Support Services										
Pupils		4,132,168		3,760,078						
Instructional Staff		2,891,180		2,874,260

School Administration		2,581,185		2,419,142						
Business		1,163,494		1,119,151						
Facilities Acquisition and Construction		1,177,441		952,877						
Operations and Maintenance		5,341,193		5,804,580						
Transportation		2,037,941		2,019,336						
Food Services		1,449,490		1,431,072						
Central		979,218		1,094,086						
Other Support Services		1,840		1,646						
Community Services		369		147						
Payments to Other Districts and Governmental Units		1,753,481		1,861,757						
Interest and Fees on Long-Term Debt		818,300		1,014,181						
On-Behalf Retirement Contributions		14,759,169		16,165,994						
Depreciation - Unallocated		666,169		613,931						
Total Expenses	\$	65,667,601	\$	64,898,078						
Change in Net Position	\$	5,435,132	\$	7,064,957						
Net Position - Beginning of Fiscal Year	Ŧ	61,710,765	r	54,645,808						
Net Position Adjustment		(47,964,174)		-						
Net Position - End of Fiscal Year	\$	19,181,723	\$	61,710,765						
		. , -	_	<u> </u>						

The District's total revenues decreased \$860,302 (1 percent) compared to the prior year. The most significant factor of this decrease was in operating grants and contributions offset by an increase in grants and contributions not restricted to specific activities due to changes in state funding methods.

Overall expenses increased \$769,526 (1 percent) compared to the prior year. This increase is primarily attributable to regular program instruction expenses offset by a decrease in on-behalf retirement contributions.

#### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with financerelated legal requirements.

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

As of June 30, 2018, the District funds reported combined ending fund balances of \$20,813,207, an increase of \$3,677,016 in comparison with the prior year.

The General Fund is the chief operating fund of the District. At June 30, 2018, total fund balance was \$15,373,591. As a measure of the General Fund's liquidity, it may be useful to compare total fund balance to total fund expenditures. Total fund balance represents 29 percent of total General Fund expenditures.

The Operations and Maintenance Fund's fund balance increased by \$528,645 in comparison with the prior year. Revenues and expenditures were consistent with the prior year.

The Capital Projects Fund's fund balance increased by \$628,174 in comparison with the prior year. This increase is due to fewer major projects being done during the year.

The remaining funds experienced net revenues and expenditures that remained relatively consistent with the prior year.

#### **GENERAL FUND BUDGETARY HIGHLIGHTS**

Budgeted revenues exceeded actual revenues by \$1,019,285. The difference is largely due to lower than anticipated On-Behalf Retirement Contributions.

Budgeted expenditures exceeded actual expenditures by \$1,430,852. The difference is largely due to lower than expected On-Behalf Retirement Contributions.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

**Capital assets** – The District's investment in capital assets as of June 30, 2018 amounts to \$80,886,815 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings, improvements other than buildings, and equipment.

Major capital asset events during the year ended June 30, 2018 include the following:

• Total equipment additions of \$4,782,268 from various projects at each campus (of which \$4,491,124 was Construction in Progress in the prior year).

The following table presents a summary of capital assets for the years ended June 30, 2018 and 2017:

Lake Park High School District No. 108's Capital Assets (net of depreciation)

	Governmental Activities									
		2018	_	2017						
Land	\$	558,191	\$	558,191						
Construction in Progress		264,802		4,491,124						
Buildings		68,969,649		69,926,897						
Improvements Other than Buildings		3,854,828		3,736,311						
Equipment		7,239,345		3,474,648						
Total	\$	80,886,815	\$	82,187,171						

Further detail of the District's capital assets can be found in Note 4 on page 26 of this report.

Long-term debt – At June 30, 2018, the District had total debt outstanding of \$26,627,199.

The following table presents a summary of outstanding debt for the years ended June 30, 2018 and 2017:

Lake Park High School District No. 108's Outstanding Debt

		Governmental Activities								
	_	2018	018 2017							
General Obligation Bonds	\$	23,445,000	\$	28,345,000						
Debt Certificates		2,700,000		3,155,000						
Lease/Purchase Agreements		482,199		643,798						
Total	\$	26,627,199	\$	32,143,798						

Major debt transactions during the year ended June 30, 2018 include the following:

• Principal payments on all debt were \$5,516,599.

Further detail of the District's debt obligations can be found in Note 5 on page 27 of this report.

# ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Lake Park High School District No. 108's Board of Education continues to emphasize the importance of a balanced budget. The Board of Education has established a Finance Committee that meets on a monthly basis to discuss the curricular and financial status of the District. It must be noted that the Board of Education has approved a balanced budget for fiscal years 2016, 2017, 2018, and 2019. The previous audit reports conclude that the actual activity during these fiscal years supports this initiative.

#### **REQUESTS FOR INFORMATION**

This financial report is designed to provide citizens, taxpayers, parents, students, investors, and creditors with a general overview of the District's finances and to demonstrate its accountability for the money it receives. If there are questions about this report or additional information is needed please contact the District at the following address:

Lake Park High School District No. 108 590 S. Medinah Road Roselle, IL 60172

#### LAKE PARK HIGH SCHOOL DISTRICT NO. 108 FUND FINANCIAL STATEMENTS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2018

Net Change in Fund Balances - Total Governmental Funds		\$ 3,677,016
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation expense in the current period.		
Depreciation Expense Capital Outlays	\$ (2,451,243) 1,173,587	(1.077.656)
In the Statement of Activities, only the gain or loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the undepreciated balance of the capital assets sold.		(1,277,656)
Gain/(Loss) on Sale of Capital Assets		(22,700)
Some revenues reported in the Statement of Activities do not provide current financial resources and therefore are deferred in the governmental funds.		
Earnings on Investments State and Federal Aid	\$     86,595 (200,142)	(113,547)
Employer Pension Contributions are expensed in the fund financial statements but are treated as a reduction in the Net Pension and OPEB Liability on the government-wide financial statements.		
Illinois Municipal Retirement Fund Contributions Teachers' Retirement System Contributions IMRF/TRS OPEB Contributions Teachers' Health Insurance Security Fund Contributions	\$ 759,329 151,946 1,033,044 437,588	2,381,907
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Accrued Interest on Long-Term Debt Compensated Absences Bond Premium - Amortization Pension Expense - Illinois Municipal Retirement Fund Pension Expense - Teachers' Retirement System OPEB Expense - IMRF/TRS OPEB Expense - Teachers' Health Insurance Security Fund Deferred Loss on Refunding - Amortization	\$ 113,935 (12,292) 367,724 (1,318,129) (116,243) (577,955) (3,053,815) (129,712)	(4.726.487)
Repayment of long-term debt requires the use of current financial resources of governmental funds and is therefore shown as an expenditure in the Statement of Revenues, Expenditures, and Changes in Fund Balances, but the repayment reduces long-term liabilities in the Statement of Net Position and is therefore not reported in the Statement of Activities.		(1,120,401)
Repayment of Long-Term Debt		5,516,599
Change in Net Position of Governmental Activities		\$ 5,435,132

#### LAKE PARK HIGH SCHOOL DISTRICT NO. 108 NOTES TO FINANCIAL STATEMENTS JUNE 30, 2018

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Lake Park High School District No. 108's (District) accounting policies conform to generally accepted accounting principles as applicable to local education agencies.

The District's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies established in GAAP used by the District are discussed below.

#### A. Reporting Entity

The accompanying financial statements comply with the provisions of GASB Statements in that the financial statements include all organizations, activities, and functions that comprise the District. Component units are legally separate entities for which the District (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either (1) the District's ability to impose its will over the organization or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the District. Using these criteria, the District has no component units. In addition, the District is not included as a component unit in any other governmental reporting entity as defined by GASB pronouncements.

#### B. Basic Financial Statements – Government-Wide Financial Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund (reporting the District's major funds) financial statements. Both the government-wide and fund financial statements categorize all of the primary activities of the District as governmental activities. The District does not have any business-type activities.

In the government-wide Statement of Net Position, the governmental activities column (a) is presented on a consolidated basis, and (b) is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions. The functions are also supported by general government revenues (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues and operating and capital grants. Program revenues must be directly associated with the function (regular programs, special education programs, payments to other districts and governmental units, etc.). Program revenues include charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function. Program revenues also include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

# NOTES TO FINANCIAL STATEMENTS (Continued)

The net costs (by function) are normally covered by general revenues (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.).

The District does not allocate indirect costs.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

#### C. Basic Financial Statements – Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses.

The emphasis in fund financial statements is on the major funds. Nonmajor funds are summarized into a single column. GASB Statement No. 34 sets forth the minimum criteria (percentage of the assets, liabilities, revenues or expenditures of all governmental funds) for the determination of major funds. The District electively made all governmental funds major funds.

#### 1. Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The District reports these major governmental funds and fund types:

<u>General Fund</u> – The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Educational, Working Cash, and Special Education levies are included in this fund.

<u>Special Revenue Funds</u> – The Special Revenue Funds (Operations and Maintenance Fund, Transportation Fund, Illinois Municipal Retirement/Social Security Fund) are used to account for the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes other than debt service or capital projects.

<u>Debt Services Fund</u> – The Debt Services Fund is used to account for financial resources that are restricted, committed, or assigned to expenditures for the periodic payment of principal, interest and related fees on general long-term debt.

<u>Capital Projects Fund</u> – The Capital Projects Fund is used to account for financial resources that are restricted, committed, or assigned to expenditures for the acquisition or construction of major capital facilities.

#### 2. Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net position. The following is a description of the fiduciary fund of the District:

<u>Agency Funds</u> – The Agency Funds (Student Activity Funds, Convenience Accounts, and Other Agency Funds) account for assets held by the District as an agent for the student organizations or as a convenience for its staff. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to each fund are equal to the assets.

# NOTES TO FINANCIAL STATEMENTS (Continued)

The District's fiduciary funds are presented in the fiduciary fund financial statements by type (agency). Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the District, these funds are not incorporated into the government-wide statements.

#### D. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

#### 1. Accrual

The governmental activities in the government-wide financial statements and the fiduciary fund financial statements are presented on the accrual basis of accounting. Property taxes are reported in the period for which levied. Other nonexchange revenues, including intergovernmental revenues and grants, are reported when all eligibility requirements have been met. Fees and charges and other exchange revenues are recognized when earned and expenses are recognized when incurred.

# 2. Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. Property tax revenues are recognized in the period for which levied provided they are also available. Intergovernmental revenues and grants are recognized when all eligibility requirements are met and the revenues are available. Expenditures are recognized when the related liability is incurred. Exceptions to this general rule include principal and interest on general obligation long-term debt and employee vacation and sick leave, which are recognized when due and payable.

#### E. Cash and Cash Equivalents and Investments

Separate bank accounts are not maintained for all District funds. Instead, the funds maintain their cash balances in common accounts, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund. Occasionally certain of the funds participating in the common bank account will incur overdrafts (deficits) in the account. Such overdrafts in effect constitute cash borrowed from other District funds and are, therefore, interfund loans that have not been authorized by District Board action.

No District fund had a cash overdraft at June 30, 2018.

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents are accounted for at cost, which approximates market.

Investments are stated at fair value. Fair value is determined by quoted market prices. Gains or losses on the sale of investments are recognized as they are incurred. The District has adopted a formal written investment and cash management policy. The institutions in which investments are made must be approved by the Board of Education.

#### F. Receivables

All receivables are reported net of estimated uncollectible amounts.

# G. Prepaid Expenses

Prepaid expenses are for payments made by the District in the current year for goods and services received in the subsequent fiscal year, and the reserve for prepaid expenses in the governmental funds has been recorded to signify that a portion of fund balance is not available for other subsequent expenditures.

#### H. Inventories

No inventory accounts are maintained to reflect the values of resale or supply items on hand. Instead, the costs of such items are charged to expense when purchased. The value of the District's inventories is not deemed to be material.

#### I. Interfund Activity

Interfund activity is reported either as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

#### J. Capital Assets

Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Building	50-75 years
Improvements Other than Buildings	20-35 years
Equipment	3-30 years

#### K. Deferred Outflows and Inflows of Resources

In addition to assets and liabilities, the Balance Sheet(s) and Statement(s) of Net Position will sometimes report separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and so will not be recognized as an outflow of resource until then. Deferred inflows of resources represent an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resource until then.

#### L. Compensated Absences

Vacation benefits are granted to employees in varying amounts to specified maximums depending on tenure with the District. The liability for unused compensated absences is reported in the government-wide financial statements. Sick leave is accumulated from year to year without limit but is not paid upon termination. Therefore, no compensated absence accrual is recorded for sick leave.

#### M. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds on a straight-line basis. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as debt services expenditures.

# NOTES TO FINANCIAL STATEMENTS (Continued)

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### N. Government-Wide Net Position

Government-wide net position is divided into three components:

- Net Investment in Capital Assets consists of capital assets (net of accumulated depreciation) reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted Net Position consists of net position that is restricted by the District's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.
- Unrestricted Net Position the remaining net position is reported in this category.

#### O. Governmental Fund Balances

Governmental fund balances are divided between and spendable.

Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact.

The spendable fund balances are arranged in a hierarchy based on spending constraints.

- Restricted Restricted fund balances are restricted when constraints are placed on the use by either (a) external creditors, grantors, contributors, or laws or regulations of other governments or (b) law through constitutional provisions or enabling legislation.
- Committed Committed fund balances are amounts that can only be used for specific purposes as a result of a resolution of the Board of Education. Committed amounts cannot be used for any other purpose unless the Board of Education removes those constraints by way of resolution. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.
- Assigned Assigned fund balances are amounts that are constrained by the District's intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by an appointed body (e.g. a budget or finance committee) or official to which the Board of Education has delegated the authority to assign, modify or rescind amounts to be used for specific purposes. The District has not delegated this authority to an appointed body or official. All assigned fund balances are the residual amounts of the fund.

Assigned fund balances also include (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as nonspendable, restricted or committed, and (b) amounts in the General Fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue, capital projects or debt services fund are assigned for purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purpose of the District itself.

• Unassigned – Unassigned fund balance is the residual classification for the General Fund. This classification represents the General Fund balance that has not been assigned to other funds, and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

Unassigned fund balance in the General Fund also includes amounts levied and/or borrowed for working cash.

The District permits funds to be expended in the following order: Restricted, Committed, Assigned and Unassigned.

# P. Property Tax Calendar and Revenues

Property taxes are levied each calendar year on all taxable real property located in the District on or before the last Tuesday in December. The 2017 tax levy was passed by the Board on November 27, **2017**. The 2016 tax levy was passed by the Board on November 28, **2016**. Property taxes attach as an enforceable lien on property as of January 1 of the calendar year they are for and are payable in two installments early in June and early in September of the following calendar year. The District receives significant distributions of tax receipts within one month after these dates.

#### Q. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

# NOTE 2 - DEPOSITS AND INVESTMENTS

Deposits with financial institutions are fully insured or collateralized by securities held in the District's name.

The District is allowed to invest in securities as authorized by the <u>School Code of Illinois</u>, Chapter 30, Section 235/2 and 6; and Chapter 105, Section 5/8-7.

#### Investments

As of June 30, 2018, the District had the following investments and maturities:

		Investment Maturities (in Years)							
Investment	 Fair Value	L	ess Than 1		1-5		5-10	More	Than 10
State Investment Pools	\$ 4,948,787	\$	4,948,787	\$	-	\$	-	\$	-
Federal Home Loan Bank	495,832		495,832		-		-		-
U.S. Treasury Note	 248,213	_	248,213		-		-		-
	\$ 5,692,832	\$	5,692,832	\$	-	\$	-	\$	-

The fair value of investments in the State Investment Pool is the same as the value of pool shares. The State Investment Pool is not SEC-registered but does have regulatory oversight through the State of Illinois.

*Interest Rate Risk.* The District's investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Credit Risk.* State law limits investments based on credit risk. The District's investment policy further limits its investment choices to ensure that capital loss, whether from credit or market risk, is avoided. As of June 30, 2018, the District's investments were rated as follows:

Investments	Credit Rating	Rating Source
State Investment Pool	AAAm	Standard and Poor's
Federal Home Loan Bank	AA+	Standard and Poor's
U.S. Treasury Note	AAAm	Standard and Poor's

# NOTE 3 - FAIR VALUE MEASUREMENT

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2018:

- Federal Home Loans of \$495,832 and U.S. Treasury Notes of \$248,213 are valued using quoted market prices (Level 1 inputs)
- Certificates of Deposit of \$36,097,260, Term Series of \$9,746,000 and State Investment Pools of \$4,948,787 are included in significant other observable items (Level 2 inputs)

# NOTE 4 - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2018 was as follows:

	Balance July 1, 2017		Increases	I	Decreases	J	Balance une 30, 2018
Governmental Activities							
Capital Assets not being depreciated							
Land	\$ 558,191	\$	-	\$	-	\$	558,191
Construction in Progress	 4,491,124		264,802		4,491,124		264,802
Total Capital Assets not being depreciated	\$ 5,049,315	\$	264,802	\$	4,491,124	\$	822,993
Other Capital Assets							
Buildings	\$ 94,052,831	\$	277,932	\$	-	\$	94,330,763
Improvements Other than Buildings	6,214,764		339,709		-		6,554,473
Equipment	10,244,570		4,782,268		187,915		14,838,923
Total Other Capital Assets at Historical Cost	\$ 110,512,165	\$	5,399,909	\$	187,915	\$	115,724,159
Less Accumulated Depreciation for:							
Buildings	\$ 24,125,934	\$	1,235,180	\$	-	\$	25,361,114

Net OPEB Liability - IMRF/TRS		8,289,117	120,785		-		8,409,902		-
Net OPEB Liability - THIS		38,175,226	-		257,816		37,917,410		-
Compensated Absences		406,664	12,292		-		418,956		-
Total Other Long-Term Liabilities	\$	56,819,572	\$ 4,901,900	\$	8,967,861	\$	52,753,611	\$	-
Total Governmental Activities									
Long-Term Obligations	\$	88,963,370	\$ 4,901,900	\$	14,484,460	\$	79,380,810	\$	5,727,917

#### Long-term debt consisted of the following at June 30, 2018:

	Maturity Date	Interest Rate	 Face Amount		Carrying Amount
2012 General Obligation Refunding Bonds	1/1/2022	3%-4%	\$ 27,610,000	\$	18,245,000
2014 General Obligation Limited Tax					
Refunding Debt Certificates	1/1/2020	0.7% - 1.5%	1,290,000		520,000
2016 General Obligation Limited Debt					
Certificates	1/1/2027	2%-3%	2,375,000		2,180,000
2016B General Obligation Refunding Bonds	1/1/2025	2.5%-3%	6,060,000		5,200,000
Lease/Purchase Agreement 7/16	7/6/2021	2.70%	316,372		231,134
Lease/Purchase Agreement 4/15	4/10/2020	4.25%	384,013		143,760
Lease/Purchase Agreement 12/15	12/16/2020	4.25%	210,474		107,305

#### At June 30, 2018 the annual debt service requirements to cover all outstanding debt are:

Year Ending June 30	Principal			Interest	Total		
2019	\$	5,727,917	\$	951,864	\$	6,679,781	
2020		5,932,054		739,767		6,671,821	
2021		5,785,549		530,366		6,315,915	
2022		5,981,679		310,866		6,292,545	
2023		1,120,000		83,250		1,203,250	
2024		1,155,000		52,100		1,207,100	
2025		400,000		19,950		419,950	
2026		260,000		10,500		270,500	
2027		265,000		5,300		270,300	
	\$	\$ 26,627,199		2,703,963	\$	29,331,162	

#### NOTE 6 - INTERFUND LOANS

There are no outstanding interfund loans at June 30, 2018.

#### NOTE 7 - DEFICIT FUND BALANCE

At June 30, 2018, no fund had a deficit balance.

-

# NOTE 8 - PROPERTY TAXES

Property taxes receivable and unavailable revenue recorded in these financial statements are from the 2017 tax levy. The unavailable revenue is 100% of the 2017 tax levy net of estimated uncollectible amounts. These taxes are unavailable as only a portion of the taxes are collected near the end of the fiscal year and the District does not consider the amounts to be available and does not budget for their use in fiscal year 2018. The District has determined that 100% of the amounts collected for the **2016** levy are allocable for use in fiscal year 2018. Therefore, 100% of the amounts collected for the **2016** and prior levies (\$47,868,857) are recorded in these financial statements as property tax revenue. A summary of assessed valuations, rates, and extensions for tax years 2017, 2016 and 2015 follows:

Tax Year	2017			2016	2015		
Assessed Valuation	\$2,087,279,069		\$1,94	15,609,947	\$1,815,658,197		
	Rates	Extensions	Rates	Extensions	Rates	Extensions	
Educational	1.6099	\$ 33,603,106	1.6937	\$ 32,952,796	1.7978	\$ 32,641,903	
Special Education	0.0405	845,348	0.0350	680,963	0.0325	590,089	
Operations and Maintenance	0.2553	5,328,823	0.2649	5,153,921	0.2804	5,091,106	
Debt Service	0.2886	6,023,887	0.3096	6,023,608	0.3371	6,120,584	
Transportation	0.0863	1,801,322	0.0933	1,815,254	0.0988	1,793,870

Social Security	0.0342	713,849	0.0367	714,039	0.0388	704,475	
	2.3489	\$ 49,028,098	2.4698	\$ 48,052,674	2.6236	\$ 47,635,608	

# NOTE 9 - RETIREMENT FUND COMMITMENTS

#### A. Teachers' Retirement System of the State of Illinois

General Information About the Pension Plan

#### Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a costsharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at http://www.trsil.org/financial/cafrs/fy2017; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

#### **Benefits Provided**

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with ten years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last ten years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2% of final average salary up to a maximum of 75% with 34 years of service. Disability and death benefits are also provided.

# NOTES TO FINANCIAL STATEMENTS (Continued)

Tier II members qualify for retirement benefits at age 67 with ten years of service, or a discounted annuity can be paid at age 62 with ten years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3% increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of 3% of the original benefit or 1/2% of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier III hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2019.

#### **Contributions**

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2017 was 9.0% of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

<u>On-Behalf Contributions to TRS.</u> The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2018, State of Illinois contributions recognized by the District were based on the State's proportionate share of the collective net pension liability associated with the District, and the District recognized revenue and expenditures of \$14,424,310 in pension contributions from the State of Illinois.

<u>2.2 Formula Contributions.</u> Employers contribute 0.58% of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2018 were \$129,415 and are deferred because they were paid after the June 30, 2017 measurement date.

<u>Federal and Special Trust Fund Contributions.</u> When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2018, the District pension contribution was 10.10% of salaries paid from federal and special trust funds. For the year ended June 30, 2018, salaries totaling \$59,686 were paid from federal and special trust funds that required District contributions of \$6,028. These contributions are deferred because they were paid after the June 30, 2017 measurement date.

<u>Employer Retirement Cost Contributions.</u> Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members retiring under the ERO. The

# NOTES TO FINANCIAL STATEMENTS (Continued)

payments vary depending on the member's age and salary. The maximum employer ERO contribution under the program that ended on June 30, 2016 is 146.5% and applies when the member is age 55 at retirement. For the year ended June 30, 2018, the District paid \$0 to TRS for employer ERO contributions for retirements that occurred before July 1, 2016.

The employer is also required to make a one-time contribution to TRS for members granted salary increases over 6% if those salaries are used to calculate a retiree's final average salary. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2018, the District paid \$0 to TRS for employer contributions due on salary increases in excess of 6% and \$0 for sick leave days granted in excess of the normal annual allotment.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District follows below:

District's proportionate share of the net pension liability	\$ 2,391,999
State's proportionate share of the net pension liability associated with the District	 146,565,865
Total Net Pension Liability	\$ 148,957,864

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016 and rolled forward to June 30, 2017. The District's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2017, relative to the contributions of all participating TRS employers and the State during that period. At June 30, 2017, the District's proportion was 0.003131%, which was a decrease of .006950% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the District recognized pension expense of \$14,424,310 and revenue of \$14,424,310 for support provided by the State. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources		Net Outflows of Resources	
Difference between expected and actual experience	\$	25,980	\$	1,104	\$	27,084
Net difference between projected and actual						
earnings on pension investments		1,641		-		1,641
Changes of assumptions Changes in proportion and differences between employer contributions and		159,649		68,735		228,384
proportionate share of contributions		76,416		291,732		368,148
Employer contributions subsequent to the						
measurement date		135,160		-		135,160
	\$	398,846	\$	361,571	\$	760,417

\$135,160 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows in these reporting years:

\$ (89,145)
17,816
(5,053)
(20,904)
 (599)
\$ (97,885)
\$

### Actuarial Assumptions

The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary Increases	varies by amount of service credit
Investment Rate of Return	7.0%, net of pension plan investment expenses, including inflation

Mortality rates were based on the RP-2014 White Collar Table with adjustments as appropriate for TRS experience. The rates are used on a fully-generational basis using projection table MP-2014. The same assumptions were used in the June 30, 2016 actuarial valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. equities large cap	14.4%	6.94%
U.S. equities small/mid cap	3.6%	8.09%
International equities developed	14.4%	7.46%
Emerging market equities	3.6%	10.15%
U.S. bonds core	10.7%	2.44%
International debt developed	5.3%	1.70%
Real estate	15.0%	5.44%
Commodities (real return)	11.0%	4.28%
Hedge funds (absolute return)	8.0%	4.16%
Private Equity	14.0%	10.63%
	100.0%	

## Discount Rate

At June 30, 2017, the discount rate used to measure total pension liability was 7.00%, which was a change from the June 30, 2016 rate of 6.83%. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2017 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess

of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

At June 30, 2016, the discount rate used to measure the total pension liability was 6.83%. The discount rate was lower than the actuarially-assumed rate of return on investments that year because TRS's fiduciary net position and the subsidy provided by Tier II were not sufficient to cover all projected benefit payments.

# Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point-higher (8.00%) than the current rate.

	Current					
	19	6 Decrease	Di	scount Rate	1	% Increase
		6.00%		7.00%		8.00%
Employer's proportionate share						
of the net pension liability	\$	2,938,883	\$	2,391,999	\$	1,944,055

## TRS Fiduciary Net Position

Detailed information about the TRS's fiduciary net position as of June 30, 2017 is available in the separately issued TRS *Comprehensive Annual Financial Report.* 

# B. Illinois Municipal Retirement Fund

## Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

## **Benefits Provided**

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired **before** January 1, 2011 are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings.

Final rate of earnings is the highest total earnings during any consecutive 48 months within the last ten years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired **on or after** January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last ten years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

## Employees Covered by Benefit Terms

All appointed employees of a participating employer who are employed in a position normally requiring 600 hours (1,000 hours for certain employees hired after 1981) or more of work in a year are required to participate. As of December 31, 2016, the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving benefits	156
Inactive plan members entitled to but not yet receiving benefits	153
Active plan members	127
Total	436

## Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2017 was 12.96%. For the fiscal year ended June 30, 2018, the District contributed \$693,806 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

## Net Pension Liability

The components of the net pension liability of the IMRF as of December 31, 2017, calculated in accordance with GASB Statement No. 68, were as follows:

Total Pension Liability	\$ 38,706,315
IMRF Fiduciary Net Position	36,765,267
District's Net Pension Liability	1,941,048
IMRF Fiduciary Net Position as a Percentage	
of the Total Pension Liability	94.99%

See the Schedule of Changes in the Employer's Net Pension Liability and Related Ratios in the Required Supplementary Information following the notes to the financial statements for additional information related to the funded status of the plan.

### Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2017 using the following actuarial methods and assumptions:

Assumptions Inflation Salary Increases	2.75% 3.39% - 14.25% including inflation
Interest Rate	7.50%
Asset Valuation Method	Market Value of assets
Projected Retirement Age	Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2017 valuation according to an experience study from years 2014 to 2016.

For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

### Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2017:

Asset Class	Target Allocation	Projected Return
Equities	37.00%	6.85%
International Equities	18.00%	6.75%
Fixed Income	28.00%	3.00%
Real Estate	9.00%	5.75%
Alternatives	7.00%	
Private Equity		7.35%
Hedge Funds		5.05%
Commodities		2.65%
Cash	1.00%	2.25%
	100.00%	

## Single Discount Rate

The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this discount rate, the expected rate of return on pension plan investments is 7.50%; the municipal bond rate is 3.31%; and resulting single discount rate is 7.50%.

Onanges in the Net Pension Liability	Total Pension Liability (A)		Plan Fiduciary Net Position (B)		Net Pension Liability (A)-(B)	
Balance at December 31, 2016	\$	38,389,534	\$	32,899,589	\$	5,489,945
Changes for the year:

## Changes in the Net Pension Liability

## Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.50%, as well as what the plan's net pension liability would be if it were calculated using a single Discount Rate that is 1% lower or 1% higher:

	1% Decrease 6.50%		Dis	Current count Rate 7.50%	1% Increase 8.50%	
Net Pension Liability/(Asset)	\$	6,023,101	\$	1,941,048	\$	(1,503,730)

# Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2018, the District recognized pension expense of \$1,318,129. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Expense in Future Periods	Dutflows of Resources	Inflows of Resources	 let Outflows Resources
Differences between expected and actual experience	\$ 346,677	\$ -	\$ 346,677
Changes of assumptions	-	848,593	(848,593)
Net difference between projected and actual earnings			
on pension plan investments	1,077,956	2,782,628	(1,704,672)
Total deferred amounts to be recognized in pension			
expense in future periods	\$ 1,424,633	\$ 3,631,221	\$ (2,206,588)
Pension contributions made subsequent to the			
measurement date	 395,002	 -	 395,002
Total deferred amounts related to pensions	\$ 1,819,635	\$ 3,631,221	\$ (1,811,586)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending December 31	Net Deferred Outflows of Resources			
2018	\$	(395,339)		
2019		(454,014)		
2020		(661,578)		
2021	(695,657)			
2022		-		
Thereafter		-		
	\$	(2,206,588)		

## C. Social Security

Employees not qualifying for coverage under the Teachers' Retirement System of the State of Illinois or the Illinois Municipal Retirement Fund (IMRF) are considered "non-participating employees". These employees, along with employees covered under IMRF, are covered under Social Security. The District paid the total required contribution for the current fiscal year.

# NOTE 10 - POST EMPLOYMENT BENEFIT COMMITMENTS

# A. Teacher Health Insurance Security Fund (THIS)

# General Information About the OPEB Plan

# Plan Description

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multipleemployer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp). The current reports are listed under "Central Management Services" (http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp). Prior reports are available under "Healthcare and Family Services" (http://www.auditor.illinois.gov/Audit-Reports/HEALTHCARE-FAMILY-SERVICES-Teacher-Health-Ins-Sec-Fund.asp).

## **Benefits Provided**

The State of Illinois offers comprehensive health plan options, all of which include prescription drug and behavioral health coverage. The State of Illinois offers TCHP, HMO, and OAP plans.

 Teachers' Choice Health Plan (TCHP) benefit recipients can choose any physician or hospital for medical services; however, benefit recipients receive enhanced benefits, resulting in lower out-ofpocket costs, when receiving services from a TCHP in-network provider. TCHP has a nationwide network and includes CVS/Caremark for prescription drug benefits and Magellan Behavioral Health for behavioral health services.

- Health Maintenance Organizations (HMO) benefit recipients are required to stay within the health plan provider network. No out-of-network services are available. Benefit recipients will need to select a primary care physician (PCP) from a network of participating providers. The PCP will direct all healthcare services and make referrals to specialists and hospitalization.
- Open Access Plan (OAP) benefit recipients will have three tiers of providers from which to choose to obtain services. The benefit level is determined by the tier in which the healthcare provider is contracted.
  - Tier I offers a managed care network which provides enhanced benefits and operates like an HMO.
  - Tier II offers an expanded network of providers and is a hybrid plan operating like an HMO and PPO.
  - Tier III covers all providers which are not in the managed care networks of Tiers I or II (i.e., out-of-network providers). Using Tier III can offer benefit recipients flexibility in selecting healthcare providers but involves higher out-of-pocket costs. Furthermore, benefit recipients who use out-of-network providers will be responsible for any amount that is over and above the charges allowed by the plan for services (i.e., allowable charges), which could result in substantial out-of-pocket costs. Benefit recipients enrolled in an OAP can mix and match providers and tiers.

# **Contributions**

For the fiscal year ended June 30, 2018, the State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires that all active contributors of the THIS make contributions to the plan at a rate of 1.18% of salary and for every employer of a teacher to contribute an amount equal to .88% of each teacher's salary. For the fiscal year ended June 30, 2017, the employee contribution was 1.12% of salary and the employer contribution was .84% of each teacher's salary. The Department of Central Management Services determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the Teachers' Health Insurance Security Fund (THISF), an amount equal to the amount certified by the Board of Trustees of THIS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year. The member contribution, which may be paid on behalf of employees by the employer, is submitted to THIS by the employer.

<u>On-Behalf Contributions to THIS.</u> The State of Illinois makes employer benefit contributions on behalf of the District. For the year ended June 30, 2018, State of Illinois contributions recognized by the District were based on the State's proportionate share of the collective net OPEB liability associated with the District, and the District recognized revenue and expenditures of \$334,859 in benefit contributions from the State of Illinois.

# <u>OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs</u>

At June 30, 2018, the District reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for state benefit support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ 37,917,410
State's proportionate share of the net pension liability associated with the District	 41,291,429
Total	\$ 79,208,839

The net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2016 and rolled forward to June 30, 2017. The District's proportion of the net OPEB liability was based on the District's share of contributions to THIS for the measurement year ended June 30, 2017, relative to the contributions of all participating THIS employers and the State during that period. At June 30, 2017, the District's proportion was 0.146120%, which was an increase of 0.006467% from its proportion measured as of June 30, 2016. For the year ended June 30, 2018, the District recognized benefit expense of \$3,053,815 and on-behalf revenue/expense of \$334,859 for support provided by the State. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Dutflows of Resources	Deferred Inflows of Resources	Net Outflows of Resources		
Differences between expected and actual experience	\$ -	\$ (21,477)	\$	(21,477)	
Net difference between projected and actual earnings on					
pension plan investments	-	(417)		(417)	
Changes of assumptions	-	(4,514,568)		(4,514,568)	
Changes in proportion and differences between employee					
contributions and proportionate share of contributions	1,532,328	-		1,532,328	
Employer contributions subsequent to the measurement date	 437,588	 -		437,588	
	\$ 1,969,916	\$ (4,536,462)	\$	(2,566,546)	
			-		

\$437,588 reported as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the reporting year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows in these reporting years:

#### Year Ending June 30

2019	\$ (2,592,860)
2020	518,194
2021	(146,971)
2022	(608,011)
2023	(174,486)
	\$ (3,004,134)

#### **Actuarial Assumptions**

The total OPEB liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary Increases	Depends on service and ranges from 9.25% at 1 year of service to 3.25% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption.
Investment Rate of Return	0%, net of OPEB plan investment expense, including inflation
Healthcare Cost Trend Costs	Actual trend used for fiscal year 2017. For fiscal years on and after 2018, trend starts at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decrease to an ultimate trend of 4.5%. Additional trend rate of 0.59% is added to non-Medicare costs on and after 2020 to account for the Excise Tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for THIS experience. For disabled annuitants, mortality rates were based on the RP-Disabled Annuitant Table. All tables reflect future improvements using Projection Scale MP-2014.

The actuarial assumptions that were used in the June 30, 2016 actuarial valuation were based on the results of an actuarial experience study for the period July 1, 2012 through June 30, 2015.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

	Target	Long-Term Expected Real
Asset Class	Allocation	Rate of Return
Illinois Public Treasurers' Investment Pool	100.0%	0.68%
	100.0%	

## Discount Rate

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since TRIP (Teachers' Retirement Insurance Program) is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates are 2.85% as of June 30, 2016, and 3.56% as of June 30, 2017. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, THIS's fiduciary net position at June 30, 2017 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on THIS investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

At June 30, 2017, the discount rate used to measure the total OPEB liability was 3.56%.

## Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the discount rate of 3.56%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (2.56%) or 1 percentage-point higher (4.56%) than the current rate.

				Current		
	1% Decrease 2.56%			scount Rate	1% Increase	
				3.56%	4.56%	
Employer's proportionate share of the net OPEB liability	\$	95,050,310	\$	79,208,938	\$	66,533,329

## Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher. The key trend rates are 8.00% in 2018 decreasing to an ultimate trend rate of 5.09% in 2025, for non-Medicare coverage, and 9.00% in 2018 decreasing to an ultimate trend rate of 4.5% in 2027 for Medicare coverage.

	Healthcare					
	1% Decrease		C	ost Valuation	1% Increase	
	2.56% (a)		Rate		4.56% (b)	
Employer's proportionate share of the net OPEB liability	\$	63,929,726	\$	79,208,938	\$	101,139,662

- (a) One percentage point decrease in healthcare trend rates are 7.00% in 2018 decreasing to an ultimate trend rate of 4.09% in 2025, for non-Medicare coverage, and 8.00% in 2018 decreasing to an ultimate trend rate of 3.50% in 2027 for Medicare coverage.
- (b) One percentage point decrease in healthcare trend rates are 9.00% in 2018 decreasing to an ultimate trend rate of 6.09% in 2025, for non-Medicare coverage, and 10.00% in 2018 decreasing to an ultimate trend rate of 5.50% in 2027 for Medicare coverage.

### B. Retiree Insurance Plan

### Plan Overview

In addition to the retirement plans described in Note 9, the District provides post-employment benefits other than pensions ("OPEB") to employees who meet certain criteria. The Plan, a single-employer defined benefit plan, provides the following coverage:

#### Medical Coverage

#### All Employees

Increases in premiums after retirement are paid by the retiree. A retiree who discontinues coverage cannot reenroll in that coverage. A retiree who decreases coverage cannot at a later date, increase that coverage. District benefits cease after 10 years of coverage. After District benefits expire, retirees may continue coverage at their own expense. Health Reimbursement Accounts cannot be continued after 10 years. The District pays the amount of the employee's benefit for retiree dental and vision insurance coverage in effect at the time of retirement. The District pays the amount of the employee's benefit for an employer paid medical Health Reimbursement Account ("HRA") in effect at the time of retirement.

#### Retired on or before June 30, 2006

The District pays the amount of the employee's benefit for retiree medical and life insurance coverage in effect at the time of retirement. Retirees must enroll in Medicare upon attaining age 65.

#### Retired after June 30, 2006 and on or before June 30, 2009

The District pays the amount of the employee's benefit for life insurance coverage in effect at the time of retirement. District payments for retiree medical are capped at \$340 per month for single coverage and \$680 per month for retiree plus-one-coverage. Retirees must enroll in Medicare upon attaining age 65.

#### Retired after June 30, 2009

Life insurance coverage is not available to any employee retiring after June 30, 2009. District payments for retiree medical are capped at \$340 per month for single coverage and \$680 per month for retiree plus-one-coverage. TRS retirees must enroll in medical coverage through the Teacher's Retirement Insurance Program ("TRIP"). Retirees must enroll in Medicare upon attaining age 65.

#### The plan does not issue a stand-alone financial report.

# <u>Eligibility</u>

Employees of the District are eligible for retiree health benefits as listed below:

Eligibility Provisions

Certified Employees

Employees are eligible for retiree health care coverage if they satisfy the following requirements.

- Eligible to retire under the Teachers' Retirement System ("TRS").

- Complete at least 20 years of service with the District; Administrators – Complete 5 years of service with the District Non-Certified Employees

Employees are eligible for retiree health care coverage if they satisfy the following requirements:

- Eligible to retire under the Illinois Municipal Retirement Fund ("IMRF").

- Complete at least 20 years of service with the District; Administrators - Complete 5 years of service with the District

Membership in the Plan consisted of the following at July 2018 (the date of the latest actuarial valuation):

Active employees	313
Inactive employees entitled to but not yet receiving benefits	-
Inactive employees currently receiving benefits	192
Total	505

### Contribution

The required contribution is based on projected pay-as-you-go financing requirements. Employees are not required to contribute to the plan.

### Total OPEB Liability

The District's total OPEB liability was measured as of June 29, 2018, and the total OPEB liability was determined by an actuarial valuation as of July 1, 2017.

#### **Actuarial Assumptions**

The total OPEB liability in the June 29, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount rate	2.98%						
Salary Rate Increase	4.00%

There is no long-term expected rate of return on OPEB plan investments because the District does not have a trust dedicated exclusively to the payment of OPEB benefits.

## Discount Rate

The District does not have a dedicated trust to pay retiree healthcare benefits. Per GASB 75, the discount rate should be a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale).

A rate of 2.98% is used, which is the S&P Municipal Bond 20-Year High-Grade Rate Index as of June 29, 2018.

#### Changes in the Total OPEB Liability

	Increase/(Decrease)						
	Total OPEB Liability (a)		Net F	Fiduciary Position (b)	1	Net OPEB Liability (a) - (b)

Actuarial Experience		241,655		-		241,655	
Assumption Changes		248,978		-		248,978	
Benefit Payments		(1,033,044)		-		(1,033,044)	
Other Changes		183,970		-		183,970	
Net Changes	\$	120,786	\$	-	\$	120,786	
Balances at June 30, 2018	\$	8,409,903	\$	-	\$	8,409,903	

# Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current discount rate:

Plan's Total OPEB Liability/(Asset)							
Discount							
19	1% Increase Valuation Rate		1%	6 Decrease			
\$	7,954,323	\$	8,409,903	\$	8,902,890		

## Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher than the current healthcare cost trend rates:

Plan's Total OPEB Liability/(Asset)								
Healthcare								
	Trend Valuation							
1% Increase Rate 1% Decrease								
\$ 8,623,424	\$ 8,409,903	\$ 8,227,110						

# <u>OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB</u>

For the fiscal year ended June 30, 2018, the District recognized OPEB expense of \$577,955. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	0	Deferred utflows of esources	Int	eferred flows of sources	Net Inflows of Resources		
Differences Between Expected and Actual Experience	\$	206,289	\$	-	\$	206,289	
Changes of Assumptions		373,637		4,052		369,585	
Total	\$	579,926	\$	4,052	\$	575,874	

Changes in total OPEB liability related to the difference in actual and expected experience, or changes in assumptions regarding future events, are recognized in OPEB expense over the expected remaining service life of all employees (11.74 years, active and retired) in the postretirement plan.

Amounts reported as deferred outflows of resources related to OPEB will be recognized as future OPEB expense as follows:

Year ending June 30	Outflows		Ir	nflows
2019	\$	\$ 99,423		695
2020		99,423		695
2021		99,423		695
2022		99,423		695
2023		99,423		695
2024		82,811		577
	\$	579,926	\$	4,052

# NOTE 11 - INTERFUND TRANSFERS

Interfund transfers during the year ended June 30, 2018 were as follows:

Transfer From	Transfer To	 Amount
General Fund	Debt Services Fund	\$ 132,187
Operations and Maintenance Fund	Debt Services Fund	541,255

The transfers from the General and Operations and Maintenance Funds to the Debt Services Fund were for principal and interest payments on debt.

# NOTE 12 - JOINT VENTURES

## A. North DuPage Special Education Cooperative (NDSEC)

The District and eight other districts within DuPage County have entered into a joint agreement to provide special education programs and services to the students enrolled. Each member district has a financial responsibility for annual and special assessments as established by the management council.

A summary of financial condition (modified cash basis) of NDSEC at June 30, 2017 (most recent information available) is as follows:

Assets	\$ 5,258,737
Liabilities Net Position	\$ 1,012,057 4,246,680
	\$ 5,258,737
Revenues Received Expenditures Disbursed	\$ 15,052,349 15,968,687
Net Increase/(Decrease) in Net Position	\$ (916,338)

Complete financial statements for NDSEC can be obtained from the Administrative Offices at 132 E. Pine Avenue, Roselle, Illinois 60172.

## B. DuPage Area Occupational Education System (DAOES)

The District and thirteen other districts within the DuPage County area have entered into a joint agreement to provide vocational programs for member districts that are not offering these services individually. Each member district has a financial responsibility for annual and special assessments as established by the management council.

A summary of the Statement of Net Position of DAOES at June 30, 2017 (most recent information available) is as follows:

Assets Deferred Outflows	\$ 18,098,597 873,940
	\$ 18,972,537
Liabilities	\$ 2,349,387
Deferred Inflows	562,753
Net Position	 16,060,397
	\$ 18,972,537
Revenues	\$ 10,849,362
Expenditures	 10,941,350
Net Increase/(Decrease) in Net Position	\$ (91,988)

Complete financial statements for DAOES can be obtained from the Administrative Offices at 301 S. Swift Road, Addison, Illinois 60101.

# NOTE 13 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District purchases commercial insurance to handle these risks of loss. During fiscal year 2018 there was no significant reduction in insurance coverage for any category. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The District is a member of the Collective Liability Insurance Cooperative (CLIC), a joint risk management pool of school districts through which property, general liability, automobile liability, crime, excess property, excess liability, and boiler and machinery coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

The relationship between the District and CLIC is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The District is contractually obligated to make all annual and supplementary contributions for CLIC, to report claims on a timely basis, cooperate with CLIC, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by CLIC. Members have a contractual obligation to fund any deficit of CLIC attributable to a membership year during which they were members.

CLIC is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Board of Directors. CLIC also provides its members with risk management services, including the defense and settlement of claims, and establishes reasonable and necessary loss of reduction and prevention procedures to be followed by the members.

The District is insured under a retrospectively-rated policy for workers' compensation coverage, whereas the initial premium may be adjusted based on actual experience. Adjustments in premiums are recorded when paid or received. During the year ended June 30, 2018, there were no significant adjustments in premiums based on actual experience.

The District has a self-insured plan that provides its employees' dental and vision care benefits. A third party administrator is contracted to manage the plan and all related claims. See Note 14 for more information.

# NOTE 14 - SELF INSURANCE

The District self-insures the dental and vision portion of its employees' health care benefits. A third party administrator has been contracted to manage the plan. Stop loss insurance has been obtained for losses in excess of certain limitations. At June 30, 2018, the liability for unpaid claims was \$34,394 and \$2,661 for dental and vision claims, respectively. A reconciliation of changes in the aggregate liabilities for claims for the last three years is as follows:

	 Fiscal Year Ended June 30, 2018		l Year Ended ne 30, 2017	 l Year Ended ne 30, 2016
Claims Liabilities - Beginning of the Year	\$ 46,077	\$	48,674	\$ 41,979
Incurred Claims	360,097		373,798	363,628
Payment on Claims	 (369,119)		(376,395)	 (356,933)
Claims Liabilities - End of the Year	\$ 37,055	\$	46,077	\$ 48,674

# **NOTE 15 - CONSTRUCTION COMMITMENTS**

The District has multiple on-going construction projects which are anticipated to be completed in the following fiscal year. There will be additional costs to complete each of these projects.

# NOTE 16 - CONTINGENCIES

The District is not aware of any pending litigation or potential non-disclosed liabilities that management believes would have a material effect on the financial statements.

# NOTE 17 - LEGAL DEBT LIMITATION

The Illinois School Code limits the amount of indebtedness to 6.9% of the most recent available equalized assessed valuation (EAV) of the District. The District's legal debt limitation is as follows:

2017 EAV Rate	\$ 2,087,279,069 6.90%
Debt Margin Current Debt	\$ 144,022,256 26,627,199
Remaining Debt Margin	\$ 117,395,057

# NOTE 18 - CHANGE IN ACCOUNTING PRINCIPLE

Effective for the year ended June 30, 2018, the District has implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* and GASB Statement No 85, *Omnibus 2017.* These Statements establish financial reporting standards for postemployment benefits other than pension agreements offered by the District. The Statements also require additional disclosures about the postemployment benefits other than pensions offered by the District. (See Note 10).

# NOTE 19 - NET POSITION ADJUSTMENT

The District had the following net position adjustments related to the change in accounting principle noted above:

	1	Net Position
Change in accounting principle for		
Teacher's Health Insurance OPEB Liability	\$	(37,867,730)
Illinois Municipal Retirement Fund / Teacher's Retirement System OPEB Liability		(10,096,444)
Total change in accounting principle adjustment	\$	(47,964,174)

Contributions as a percentage of Covered-Valuation Payroll		14.20%		13.28%		13.78%		12.90%

#### Notes to Schedule:

#### Actuarial Method and Assumptions Used on the Calculation of the 2017 Contribution Rate \*

Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Actuarial Cost Method: Aggregate entry age = normal

Amortization Method: Level percentage of payroll, closed

Remaining Amortization Period: 26-year closed period

Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth: 3.5%

Price Inflation: 2.75%, approximate; No explicit price inflation assumption is used in this valuation.

Salary Increases: 3.75% to 14.50%, including inflation

Investment Rate of Return: 7.50%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2014 valuation pursuant to an experience study of the period 2011 to 2013.

**Mortality**: RP-2014 Blue Collar Healthy Mortality Table, adjusted to match current IMRF experience. For disabled lives, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

\*Based on Valuation Assumptions used in the December 31, 2015 actuarial valuation; note two year lag between valuation and rate setting.

This schedule is presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.

Plan Fiduciary Net Position as a percentage of the Total Pension Liability	36.40%	36.40%	41.50%	43.00%

\* - The amounts presented were determined as of the prior fiscal-year end

This schedule is presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.

#### **Changes of Assumptions:**

For the 2017 and 2016 measurement year, the assumed investment rate of return was of 7.0%, including an inflation rate of 2.5% and a real return of 4.5%. Salary increases were assumed to vary by service credit.

For the 2015 measurement year, the assumed investment rate of return was 7.5%, including an inflation rate of 3.0% and a real return of 4.5%. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

For the 2014 measurement year, the assumed investment rate of return was also 7.5%, including an inflation rate of 3.0% and a real return of 4.5%. However, salary increases were assumed to vary by age.

## LAKE PARK HIGH SCHOOL DISTRICT NO. 108 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2018

## NOTE 1 - BUDGETARY PROCESS

The District follows procedures mandated by Illinois State law and District Board policy to establish the budgetary data reflected in its financial statements. The budget was passed on September 25, 2017 and was not amended. The modified accrual basis budgeted amounts in this report are the result of full compliance with the following procedures:

For each fund, total fund expenditures may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures and the means of financing them.
- 2. A public hearing is conducted to obtain taxpayer comments.
- 3. Prior to October 1, the budget is legally adopted through passage of a resolution.
- 4. Formal budgetary integration is employed as a management control device during the year.
- 5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
- 6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education Lake Park High School District No. 108 Roselle, Illinois

# Report on Compliance for Each Major Federal Program

We have audited

Lake Park High School District No. 108's

compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Lake Park High School District No. 108's major federal programs for the year ended June 30, 2018. Lake Park High School District No. 108's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

# Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

# Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Lake Park High School District No. 108's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Lake Park High School District No. 108's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Lake Park High School District No. 108's compliance.

# **Opinion on Each Major Federal Program**

In our opinion, Lake Park High School District No. 108 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

## **Report on Internal Control Over Compliance**

Management of Lake Park High School District No. 108 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Lake Park High School District No. 108's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Lake Park High School District No. 108's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance of deficiencies, in internal control over compliance of deficiencies, in internal control over compliance is a deficiency or a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

• (M) Program was audited as a major program as defined by §200.518.

\*Include the total amount provided to subrecipients from each Federal program. §200.510 (b)(4).

#### The accompanying notes are an integral part of this schedule.

- <sup>1</sup> To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.
- <sup>2</sup> When the CFDA number is not available, the auditee should indicate that the CFDA number is not available and include in the schedule the program's name and, if applicable, other identifying number.

<sup>3</sup> When awards are received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included in the schedule. \$200.510 (b)(2)

<sup>4</sup> The Uniform Guidance requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in the schedule and suggests to include the amounts in the SEFA notes.

• (M) Program was audited as a major program as defined by §200.518.

\*Include the total amount provided to subrecipients from each Federal program. §200.510 (b)(4).

#### The accompanying notes are an integral part of this schedule.

<sup>1</sup> To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.

<sup>2</sup> When the CFDA number is not available, the auditee should indicate that the CFDA number is not available and include in the schedule the program's name and, if applicable, other identifying number.

<sup>3</sup> When awards are received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included in the schedule. §200.510 (b)(2)

<sup>4</sup> The Uniform Guidance requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in the schedule and suggests to include the amounts in the SEFA notes.

# LAKE PARK HIGH SCHOOL DISTRICT NO. 108 NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2018

# NOTE 1 - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Lake Park High School District No. 108 under programs of the federal government for the year ended June 30, 2018 and is presented on the modified accrual basis of accounting. The information in this Schedule is presented in accordance with requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position or cash flows of the District.

# NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

# NOTE 3 - 10% DE MINIMIS IDIRECT COST RATE

The District has elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

# NOTE 4 - SUBRECIPIENTS

The District did not provide federal awards to subrecipients during the year ended June 30, 2018.

# NOTE 5 - FEDERAL LOANS

There were no federal loans or loan guarantees outstanding at year end.

# LAKE PARK HIGH SCHOOL DISTRICT NO. 108 SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2018

- 1) Summary of auditor's results:
- a) An unmodified opinion report was issued.
- b) No significant deficiencies or material weaknesses in internal control were disclosed by the audit of the financial statements.
- c) No noncompliance which is material to the financial statements was disclosed by the audit of the financial statements.
- d) No significant deficiencies or material weaknesses in internal control over major programs were disclosed by the audit.
- e) An unmodified opinion report on compliance for major programs was issued.
- f) The audit disclosed no audit findings which the auditor is required to report.
- g) The major program identified was the Special Education Cluster (CFDA #84.027A)
- h) The dollar threshold to distinguish between Type A and Type B programs was \$750,000.
- i) Lake Park High School District No. 108 does qualify as a low-risk auditee.
- 2) There were no findings relating to the financial statements which are required to be reported.
- 3) There were no findings and questioned costs for federal awards which are required to be reported.

### LAKE PARK HIGH SCHOOL DISTRICT NO. 108 19-022-1080-16 SCHEDULE OF FINDINGS AND QUESTIONED COSTS Year Ending June 30, 2018

SECTION II - FINANCIAL STATEMENT FINDINGS								
1. FINDING NL	2018- <u>N/A</u>	2. THIS FINDING IS:	New	Repeat from Prior Year Year originally reported?				
3. Criteria or speci	ific requirement							
4. Condition								
5. Context <sup>12</sup>								
5. Effect								
7. Cause								
3. Recommendatio	on							
9. Management's	response <sup>13</sup>							

<sup>11</sup> A suggested format for assigning reference numbers is to use the digits of the fiscal year being audited followed by a numeric

sequence of findings. For example, findings identified and reported in the audit of fiscal year 2018 would be assigned a reference number of 2018-001, 2018-002, etc. The sheet is formatted so that only the number need be entered (1, 2, etc.).

<sup>12</sup> Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars.

<sup>13</sup> See §200.521 *Management decision* for additional guidance on reporting management's response.
