Dear Guardian/Parent of Incoming Seniors, Class of 2021:

Illinois law 098-0480 requires that any student entering the 12<sup>th</sup> grade and any student eligible to remain in public school beyond grade 12, must show proof of having received two doses of meningococcal conjugate vaccine (Meningitis). The first dose should be given on or after the 11<sup>th</sup> birthday and the second dose is due on or after their 16<sup>th</sup> birthday. If the first dose is administered when the child is 16 years or older, only one dose is required for entry into 12<sup>th</sup> grade. (Doses given before the 11th or 16th birthdays are considered invalid).

Please provide proof of vaccination compliance at the time of registration for school, provided your student is 16 years or older at the time. If your student is already in compliance with this vaccination requirement, please forward proof to the West campus nurse's office as soon as possible. If you have any questions please contact us at **630-295-5335**.

Sincerely,

*Renee Riggio BSN, RN*
